

PUBLIC SUPPORT OF CULTURE

1. FINANCIAL SELF SUFFICIENCY OF CULTURAL ORGANIZATION

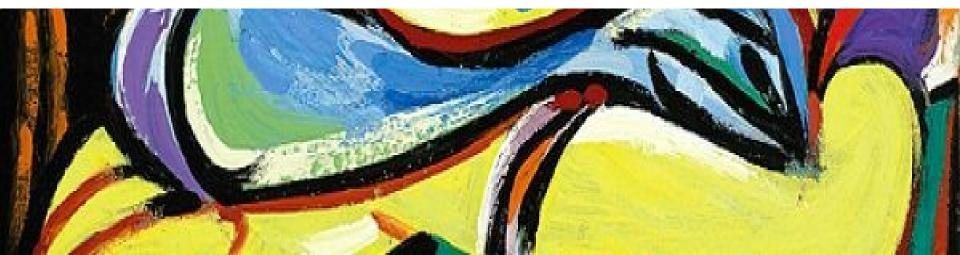

Financial self-sufficiency

Key factors of self sufficiency

- Financially self sufficient areas
 - Popular culture
- Financially dependent areas
 - Traditional culture

2. ARGUMENTS FOR AND AGAINST PUBLIC SUPPORT OF CULTURE

Dominant arguments for public support of culture

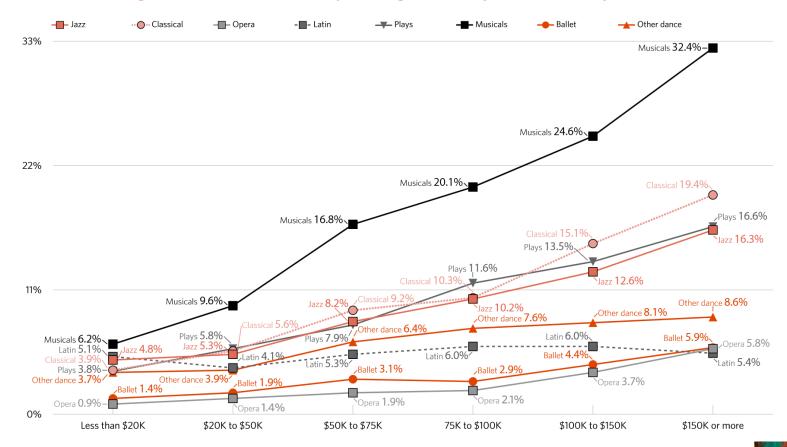

- Equality of opportunity
- Positive externalities
- Culture as a public good
- Support of new forms of art
- Culture as a symbol of prestige
- Merit good
- Multiplier effect
- Low productivity of area of culture

Dominant arguments against public support of culture

- Redistribution from poor to rich
- Deformation of market by public subsidies
- Low multiplier effect

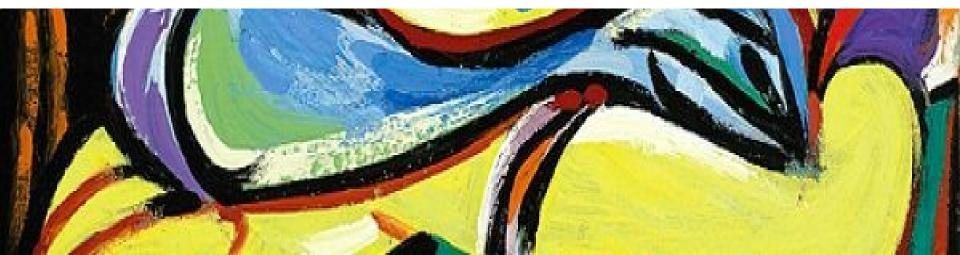

Dominant arguments against public support of culture

Chart 1-2. Percentage of U.S. adults who attended a performing arts event, by art form and family income level: 2012

3. ALTERNATIVE MODELS OF PUBLIC SUPPORT OF CULTURE

Hillman-Chartrand model of relationship:

- Role of government as:
 - Facilitator
 - Patron
 - Architect
 - Engineer

FACILITATOR

- Government doesn't intervene in the process of production
- The position of artists is mostly dependent on income from production(ability to attract audiences)
- Important role of donators
- Homogenization of culture
 - little space for artistic experiments
- E.g. USA

PATRON

- Creation of Arts Councils
- Support of high culture production
- Distance between state and art
- The role of state is to decide about the volume of support
 - The concrete distribution of support is managed by councils
- Focus on self-sufficiency
- E.g. VB

ARCHITECT

- Support of art through state institutions (ministries)
- Artists are often employees of cultural institutions
- High dependence on support from public funds (mainly subsidies)
- Risk of artistic stagnation, moral hazard
- E.g. France

ENGINEER

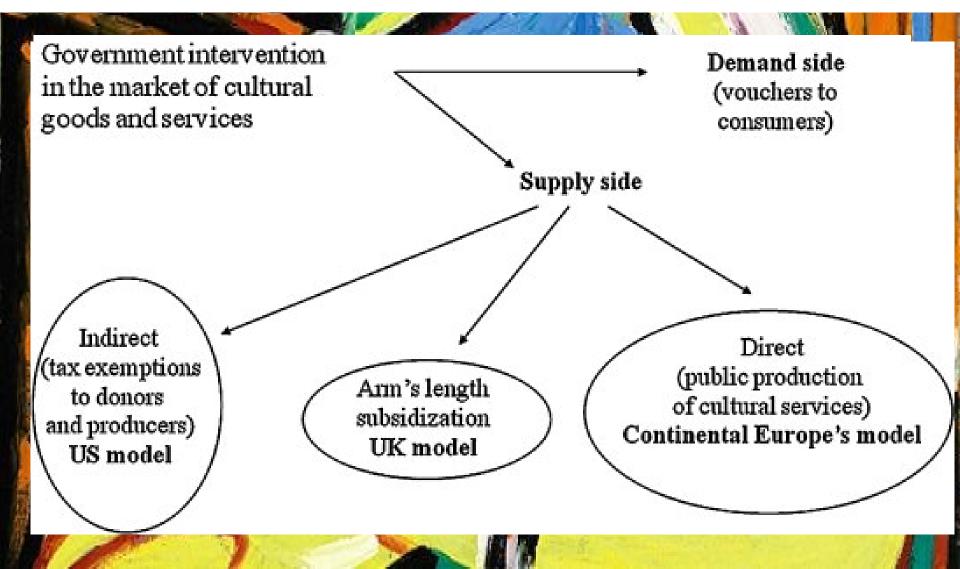

- The aim may not be an artistic experience, but a political goal
- The government owns all funds for support of culture
- The government form a resolution about
 - Size of support
 - Supported activities, institutions and artist
- Artist are absolutely depended on state support
- Membership in artists' unions enforceable, censorship
- E.g. the Czech Republic before 89, totalitarian regimes (North Corea, SSSR...)

4. WHAT DOES INDIRECT AND DIRECT STATE SUPPORT MEAN?

Government intervention in market of cultural goods and services

Indirect support

 Indirect support is represented by activities which support those who are supporting directly some culture activity

-main characteristic is that the support doesn't directed to concrete culture organization

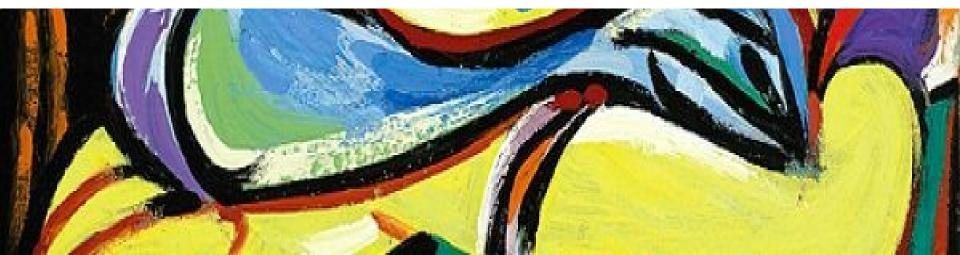

- Tax reduces for donators
- Social contributions

Direct support

- Money from sales revenues
- Foundations and foundations funds
- Other founds (e.g. state fund for Czech cinematography)
- Communal obligations to support local organizations
- Donations and sponsorship
- Lottery and bets
- Public collections

5. HOW DOES STATE LOTTERY WORKS?

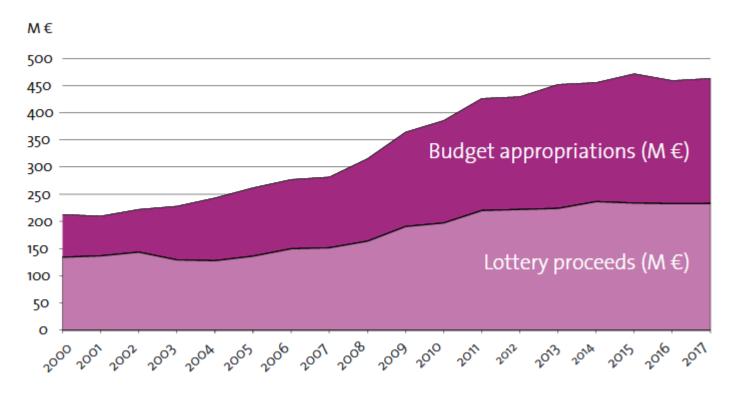

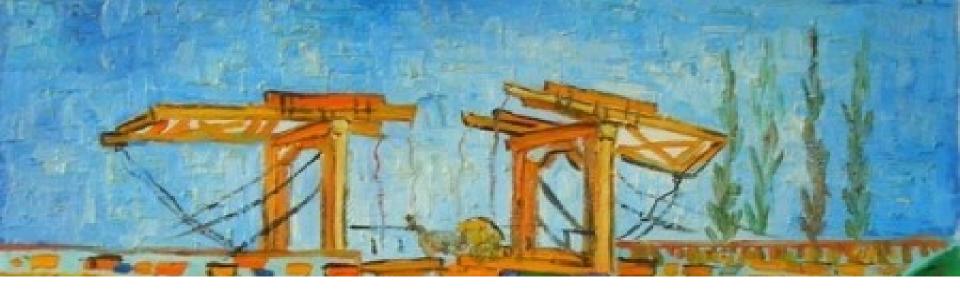

State lottery

- Long tradition several countries
 - UK
 - 20% of profit come into culture
 - Finland
 - Profit is divided in sport and cultural activities

Finland state lottery

Appropriations for arts and culture in 2010–2017

6. MISSION OF MINISTRY OF CULTURE

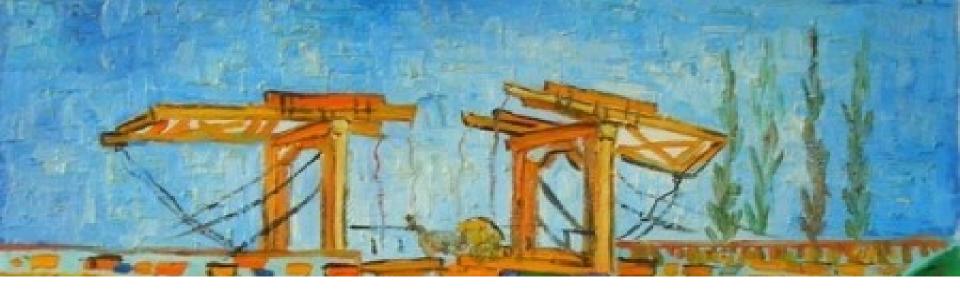

Ministry of culture

Competence of the Ministry

- State administrative body for
 - the arts;
 - cultural and educational activities;
 - cultural monuments;
 - matters relating to churches and religious societies;
 - matters relating to the press, including publication of the nonperiodical press and other information means;
 - the preparation of draft laws and other legal regulations in the area of radio and television broadcasting;
 - implementation of the Copyright Act;
 - production and trade in the area of culture

Ministry of culture

- Expenditures of ministry
- 448 mil euros
- 1 % of state expenditures

7. FINANCING OF RELIGIONS

Sources of revenue

Country						
USA	50% collections		50% fundraising, property income, indirect government support			
France	<u>75% collections</u> and donations		25% designated collections for the maintenance of the parish clergy - voluntary contribution to the cult			
<u>Netherlands</u>	70% contribution to the church		20% Sunday collections and donations		<u>10% property income</u> and state subsidies to church education	
Austria	85 <u>% church</u> contributions		10% property income		5% collections, donations, state support in the form of annuities for unreturned confiscated property	
Sweden	church tax system - 1.25% of taxable income					
Switzerland	church taxes - similar system to Germany					
Germany	<u>80%</u> church tax	10% state subsidie		5% property revenues and state compensation for secularization of church property in past centuries		5% collections and donations
Spain	system of tax assignments - 0.5239% of income tax					
Italy	tax rebate system - 0.8% of income tax					
Czech Republic 1997-2012	44 % public <u>revenue</u>		45% own revenue		11 % other	

Financing of religions

Options of relation between state and religions

- Religions are independent Cultural services
 - USA
 - Czech republic (since 2012)
- Religions are part of public sector
 - Germany-tax for religions
 - Czech Republic (before 2012)
- Religions are semi independent
 - Italy tax assignation (0,8 % of personal revenue tax)
 - Spain tax assignation (0,52 % of personal revenue tax)

Financing of religions

Options of relation between state and religions

- Religions are independent Cultural services
 - USA
 - Czech republic (since 2012)
- Religions are part of public sector
 - Germany-tax for religions
 - Czech Republic (before 2012)
- Religions are semi independent
 - Italy tax assignation (0,8 % of personal revenue tax)
 - Spain tax assignation (0,52 % of personal revenue tax)

CONCLUSION

Conclusion

- Culture can be financing by market, private support, public support
- Most of culture segment are not self-sufficient
 - They are dependent on the support
- State support has two forms
 - Direct (sponsorship, lotteries, communal obligations, founds and foundations funds...)
 - Indirect (tax reduction, social contribution)
- Government spend 1 % of total expenditures for culture
