## Introduction to MS Dynamics NAV XIII. (General Journal and its use)

Ing.J.Skorkovský,CSc.

MASARYK UNIVERSITY BRNO, Czech Republic Faculty of economics and business administration Department of corporate economy

# General Journals and its use in G/L

- It enables to post and apply payment to "open" invoices
- It enables to post an amount from one account to another
- Recurring operations (periodic posting of similar transactions) are much more easier

## General Journals and its use in G/L

- You use the General Journal window to post transactions to G/L, bank, customer, vendor and fixed assets accounts. In a general journal, you enter the relevant information for the transaction, such as the posting date, amount and the accounts you want to post to. The information you enter in a journal is temporary and can be changed as long as it is in the journal.
- If you often use the general journal to post the same or similar journal lines, for example, in connection with payroll expenses.

### Applying principle
