## common prefixes

```
ex- (former)
fore- (ahead, before)
                                                                                                                                                                                                                                               bi- (two)
bio- (of living things)
                                                                                                                                                                                      dis- (the converse of)
                                                                                                                                                                                                                             co- (joint)
                                                                                                                                                                                                         counter- (against)
                                                                                                                                                                                                                                                                                      auto- (self)
                                                                                                                                                                                                                                                                                                              arch- (supreme, most)
                                                                                                                                                                                                                                                                                                                                 anti- (against, opposite to)
                     mega- (million, supreme)
                                                                                                                          hyper- (extreme)
  mini- (small)
                                         mal- (bad)
                                                             kilo- (thousand)
                                                                                inter- (between, among)
                                                                                                       in- (inside, the converse of)
vice- (deputy)
                                                                                                                                                                 semi- (half)
                                                                                                                                                                                                         pseudo-(false)
                                                                                                                                                                                                                            poly- (many)
                                                                                                                         super- (more than, above)
                                                                                                                                             sub- (below)
                                                                                                                                                                                                                                                out- (outside, separate)
                                                                                                                                                                                                                                                                    non- (not)
                                                                                                                                                                                                                                                                                      neo- (new)
                     under- (below, too little)
                                                                                                                                                                                     re- (again)
                                                                                                                                                                                                                                                                                                            mono- (one)
                                        ultra- (beyond)
                                                                                                       sur- (over and above)
                                                                                                                                                                                                                                                                                                                                   mis- (bad, wrong)
                                                             tri- (three)
                                                                                tele- (distant)
```
