

## MANAGEMENT MEETING: COVER LETTER

<b>Subject:</b>	<b>CEITEC MU Core Facilities Instrument Usage Report 2023</b>
<b>Sensitive:</b>	No
<b>Date:</b>	18.4.2024
<b>From:</b>	Kateřina Hořková, Secretary for Research Infrastructures
<b>Proposal:</b>	<p>This report has the ambition to present the use of key instruments of Core Facilities at CEITEC MU. The document gives an overview of the use of instruments of individual Core Facilities and introduces user groups and their structure from different perspectives. It can help in strategic institutional planning and monitoring. The document is updated annually to provide a perspective on progress.</p> <p>This year, the methodology of counting users was changed to cover also users of “other supporting equipment” which is in the evidence of the booking system.</p> <p>To summarize, CEITEC CFs were used by <b>804 users</b> from <b>25 different countries</b>, <b>77 external academic institutions</b>, out of which <b>45 are foreign</b>, and <b>10 commercial companies</b>.</p>
<b>Reason(s) for the proposal:</b>	For information
<b>Resource implications:</b>	-
<b>Risk implications:</b>	-
<b>Previous proceedings:</b>	- Individual instrument usage reports sent and reviewed by CF Heads
<b>Further action required:</b>	-
<b>Time aspect:</b>	2023
<b>Annex(es):</b>	FINAL_2023_CEITEC_CFs_report_instrument_usage
