

Traineeship offer

Web developer trainee

OMB/T/2018/2

Each year, the European Ombudsman offers the opportunity to a web developer trainee to assist in the development of the Ombudsman's Internet and Extranet sites (<https://www.ombudsman.europa.eu>) and of internal web based applications.

Description

The profile sought is as follows:

- **Good knowledge of Java, and HTML5/CSS3**
- Knowledge of Hibernate, Spring, Javascript, Angular/AngularJS, Oracle SQL, dotNET, C-sharp would be an advantage
- Other potential knowledges: MS Sharepoint, MS CRM Dynamics
- Development environment: IntelliJ / MS Visual Studio
- Working languages: English and/or French

During the traineeship, you will be using the following tools:

- Analysis: Magic Draw (UML)
- Design: IntelliJ / MS Visual Studio
- Testing: JUnit, Selenium
- Project Management: Jira
- Quality: Sonar
- Continuous Integration: Jenkins, Maven
- Manager Version: Git

Location, timing, and length of the traineeship

The traineeship will take place in Strasbourg. The start date will be defined with the selected trainee. The traineeship should ideally start on June or July 2018.

The traineeship has a minimum duration of four to six months. It can be extended for a period left to the Ombudsman's discretion, normally up to a maximum of 12 months.

The traineeship will be paid according to the conditions defined by the decision of the European Ombudsman concerning traineeships (see additional

information). The allowance paid by the Ombudsman in Strasbourg is about €1400 per month.

Application

The deadline for applications is **14 May 2018 at 12:00**.

To apply, please **only** use our online application form available at:
<https://www.ombudsman.europa.eu/trainee>
