Department the intern will be working

Planning section for IT solutions

Job Description1

In order to make the planning for their software development processes and implementation, Intelligent Views GmbH is looking for an ambitious IT organising and development talent.

Job Description2

Your tasks will include:

- Working with Semantic Web Technologies like ODL, RDFS or SPARQL

Job Description3

- Planning the organisation of software solutions that stick to research projects

Job Description4

- Creating semantic models and help with the creation of demonstrators

Job Description5

Intelligent Views is looking for somebody who is willing to join a family-like environment and to get in touch with a passionate working atmosphere.

Job Description6

Measurable results expected from the intern

Progress in the development process and an integration into the team.

Preparation required from the intern before arrival

EPs should be enrolled as students and need an "Enrollment Certificate" valid for the entire duration of the internship as well as a "Mandatory Internship Statement", stating that an internship is required for the student in order to obtain a degree. If an internship is not mandatory according to the student's curriculum, there is a substitute document, which is also recognised by the German authorities. It is available upon request. Please ensure, that you can provide these documents before applying.

How to apply:

1. Carefully read the Job Description & requirements of points that you are interested in
2. Your EP's Application Package should include in a single pdf-document:
 - Resume: 2-page maximum
 - Cover Letter: 1- page cover letter adjusted to the internship you want to apply for and depicting your motivation for it

- EP form: copied directly from myaiesec.net
- 3. Name your application package "Your name - Your country"
- 4. Send the application package to **icx.darmstadt@aiesec.de**
The E-Mail subject must be **Application TN-In-DE-DA-2013-1373**.
Deadline for the application: 1st of September 2013
- 5. After the deadline, your application package will be sent to the company, and you will receive an E-Mail with the instructions for the next steps.
- 6. The selection process is expected to last approximately 10 days.
