# Measures to increase the efficiency and quality of doctoral studies at MU (PPSŘ 2022–2025)

Masaryk University has set seven priorities, which are fully in line with the MU Strategic Plan 2021-2028, the Ministry of Education's Strategic Plan 2021+ and the Internationalisation Strategy 2021+.

**One of these priorities is doctoral studies with higher requirements and incentives.** The activities implemented under this priority (broken down into individual key activities) are primarily linked to priority objective 3 of the MEYS Strategic Plan 2021+. The fulfilment of this priority will significantly contribute to increasing the share of international cooperation in the framework of

Masaryk University has set seven priorities, which are fully in line with the MU Strategic Plan 2021-2028, the Ministry of Education's Strategic Plan 2021+ and the Internationalisation Strategy 2021+.

**One of these priorities is doctoral studies with higher requirements and incentives.** The activities implemented under this priority (broken down into individual key activities) are primarily linked to priority objective 3 of the MEYS Strategic Plan 2021+. The fulfilment of this priority will significantly contribute to increasing the share of international cooperation in the framework of doctoral studies at MU, the creation and development of university-wide activities primarily focused on interdisciplinary cooperation and setting up motivational tools for excellent PhD students.

The following measures are being implemented in 2022:

- [Key activity 3.1 International Excellence in Doctoral Studies](#)
- [Key activity 3.2 Increasing study success and supporting excellent students](#)
- [Key activity 3.3 Increasing the competences of the actors of doctoral studies](#)

At the same time, **financial resources for activities supported under IP 2021**, which could not be fully used last year, **must be drawn down by the end of 2022.**
