

“The Erasmus Plus” /Erasmus+ Programme

All students who are enrolled on a regular study programmes in our faculty (including English MA programme European Politics) are eligible for participation in the Erasmus+ programme. However, foreign students are not allowed to apply for exchange in their country of origin. All Erasmus students must acquire 20 ECTS per semester at their host institution. The courses undertaken abroad should relate to the fields of study at the Department of International Relations and European Studies. Students should bear in mind that they are obliged to participate in the exchange once accepted. The participation in the Erasmus+ programme can only be cancelled under exceptional circumstances.

*Students applying for L'Institut d'études politiques de Paris should be either at their 3rd year of Bachelor degree or Master degree.

Due to administration procedure not all of our partner universities have confirmed further cooperation with our department. Therefore, we strongly emphasizes that universities without "confirmed" status might not renew the cooperation for the new programme Erasmus+. In such cases students could not be nominated for their exchange.

The list of universities is not completed and will be updated soon.
