Evaluation of events:

People who came along, said they had a good time. It was a great way to end Orientation Week, just before lessons began the next day. There wasn't any problem with organising the people and taking them to the lake.

Pros:

Relaxing boat ride and people had a great time.

Cons:

We should have included students from the upper years.

What to do differently in the future:

Maybe get some music on the boat and other forms of entertainment. Also, include students from the older years.

Conclusion:

Overall, it was a successful event, with good attendance from the freshers.
