First aid – Instructions and organisation

Lukáš Dadák

The subject First Aid

- this subject consists of two parts:
 - lectures – they are available online in the First aid e-learning in the part Video lectures
 - practices – organised in the Simulation centre of the Faculty of Medicine of Masaryk University
- completion of the subject First Aid:
 - lectures are completed with a colloquium
 - practices are completed with a credit

First Aid – practice

- the practice consists of 6 units and 1 consultation
- the topics of the practices correspond to the structure of the units of the e-learning:
 - Unit 1 Approach to the unresponsive patient
 - Unit 2 Basic life support and AED in adult
 - Unit 3 Pediatric basic life support, foreign body airway obstruction
 - Unit 4 Management of the bleeding, basics of the bandaging, management of the patient in shock
 - Unit 5 Fractures, immobilization, moving an unresponsive patient
 - Unit 6 Other life-threatening conditions
- the consultation is not obligatory, if you take part in all 6 units before

Before the practice:

- go through the e-learning materials and watch the corresponding video lectures
- fill in the **pre-test** (ROPOTS in IS MUNI, the link is always in the end of the unit in the chapter Unit summary and test)
 - it contains 5 questions
 - one correct answer
 - to pass the test you have to answer 4 from 5 questions correctly
 - unlimited number of attempts
- **passing the pre-test is a requirement to attend the practice!**

After the practice:

- fill in the **post-test** (ROPOTS in IS MUNI, the link is always in the end of the unit in the chapter Unit summary and test)
 - you fill in the post-test only once
 - there is no minimum point benchmark defined
- fill in the **evaluation form** to assess the practice (ROPOTS in IS MUNI, the link is always in the end of the unit in the chapter Unit summary and test)

Credit from the practice

- to complete the subject First Aid – practice you have to:
 - complete 6 pre-tests
 - take part in all 6 units in the practices (the consultation is not obligatory, if you take part in all 6 units before)
 - fill in 6 post-tests after the practices
 - fill in 6 evaluation forms after the practices

Written excuses and substitution of the practice

- **standard way via International Studies Office**
- substitution possible after agreement:
 - on Fridays in the week, when is the practice taught, from 2:30pm
 - in the week at the end of the semester, when the consultations will be organised (11.1.2021 to 16.1.2021)
- if longer time absent, contact individually International Studies Office for further plan

Colloquium

- from January 25th to February 26th 2021 in SIMU
- consists of two parts:
 - **theoretical**
 - test contains questions from the topics of the practices and also of the video lectures – OSCE (Objective Structured Clinical Examination)
 - **practical**
 - student will solve 1 simulation corresponding with the topics of the practices
 - student will be evaluated by a standardized checklist
 - the course of the practical part is similar to the practices

Educators

- Department of Anesthesiology and Critical Care, St. Anne's University Hospital (ARK)
- Department of Anesthesiology, Resuscitation and Intensive Care, University Hospital Brno (KARIM)
- Department of Pediatric Anesthesiology and Resuscitation, University Hospital Brno (KDAR)

Contacts

— Lukáš Dadák

- guarantor of teaching
- problems of 1st meeting, visa or late arrival
- everything about First Aid course
