All students from each study group will gather in the corridor. We, as your study advisors, will explain to you the procedure, invite the whole study group to the Aula, and show you where to sit according to the list. It is very important to know where to sit because students will be called forth according to the list.

During the ceremony, students will step forward in front of the seated officials of the Faculty will vow on insignia and will get a Matriculation Diploma.

We ask students for maximum cooperation so that the ceremony proceeds swiftly and with dignity.

The matriculation ceremony is only for students, and it is not open to guests.
