

1st ICCTI WORKSHOP: Cell Therapy and Regenerative Medicine

October 13-14, 2011

University Campus, Building A3, lecture room
Masaryk University, Brno, Czech Republic

held by
International Consortium for Cell Therapy and Immunotherapy

1st ICCTI Workshop is focussed on modern aspects of cell therapy. Speakers are internationally recognized scientists and scholars. Workshop lectures serve for a broad audience: from young researchers including pregraduate and postgraduate students to experienced senior scientists. Only registered participants have free entrance to the Workshop lectures including refreshments as scheduled in the program. Workshop capacity is limited to 70 participants. Registration ends on October 10, 2011. To see the program and to register, please visit

www.iccti.eu
