

Declaration of the author of the school work

Name, surname and student ID number: _____

I acknowledge that *Masaryk University* may, on the basis of the law (Section 35 (3) and (4) of the Copyright Act No. 121/2000 Coll.), use my qualification thesis or other school work that I have created as an author to fulfil my study obligations to this university, for teaching or for its own internal use, not for direct or indirect commercial or other economic benefit.

Masaryk University's own internal need means the use of the work not only in its original form, but also in a processed or otherwise altered form, including such use of my work by this university that consists in commissioning my school work for further processing by another student of this university (a member of the same academic community) for the purpose of creating another qualifying thesis or other school work that will be derived from my work, indicating my authorship, the title of my work and the source; and all this in accordance with the development of education at *Masaryk University* and the interest of this public university to build on the results of my work and to further develop my school work in the same academic community.

Circumstances worthy of special consideration on my part, for example, my interest in further development of my qualification thesis at *Masaryk University* or elsewhere, I am obliged to inform this university through the study department at the latest when submitting my qualification thesis.
