Annex 1

Annex No I

Required attachments to the dissertation defence application

1. Dissertation submitted in electronic form, including annotation and keywords, and a sufficiently completed Thesis Archive. The physical form of the dissertation is required if the departmental board or the departmental committee so determines, and also in the case when the entire dissertation or its parts need to be hidden in the dissertation archive in the IS MU. In this case, 4 copies of the dissertation are submitted. When submitting the physical form, the dissertation does not have to be bound in hardcover, it can be submitted in the form of a softcover booklet in A4 or B5 format.
2. Dissertation abstract.
3. List of publications (see Appendix 3) related to the topic of the dissertation (divided according to the quartile of the journal's impact factor ranking in the Web of Science database category - Q1 to Q4 - indicating the corresponding WoS category); other key publications and papers accepted for publication.
4. A current CV bearing a handwritten signature and current date.
5. Supervisor's statement on the course of study, fulfilment of the individual study plan and results of the dissertation (free form).
6. A statement from the chair of the departmental board that all requirements of the departmental board have been met (free form).
