

Studies:

What is your field of study and what do you or would like to specialize at?

Why have you chosen this field of study and when have you decided? Did you also apply for other studies?

How do you imagine your life after you finish studying?

What types of skills do you need in your specialization? What do you consider your strengths and weaknesses?

Name one famous/important person who was a great thinker in your field of study. Can you tell something more about him/her?

Personal

Name your hometown. What is it like? If you could improve one aspect of it, what would you add/change about that town/city?

What are your hobbies normally? If you could try new activity that you have never tried before, what would it be?

Imagine there was no pandemic and you could visit any country, where would you travel and why?

What do you think is the best thing about being born/living in your country?

How do you keep your spirit up during the pandemic, online teaching/learning and all things considered? What helps you to stay motivated?

English and languages

What languages did you study? If you were to study one more, what language would you choose?

How was your English education at your primary and secondary schools? Did you like your teachers?

Do you think your native language is difficult to learn? Can you imagine teaching it to foreigners?

English is known for many dialects and accents, have you ever encountered some? Can you name some from your native language as well?

Think some typical/your favorite joke or phrase in your native language and try to translate and, if needed, explain it to your peers:
