4 processes of 'Europeanisation' of policy:
a) 'bottom-up' (national state - E.U.)
b) 'top-down' (E.U. - national state)
c) 'horizontal' (State - State)
d) 'round-about' (national state - E.U. national state)

## European Union Public Policy Lecture 12

'Europeanisation' based on underlying E.U. principles and 'core values':

- social progress;
- high levels of employment;
- social protection;
- raising living standards and quality of life;
- promoting social cohesion and social justice

# European Union Public Policy Lecture 12 

'Europeanisation'
= overarching E.U. core values and principles, within which individual policies are shaped, and diversity and 'mutual recognition' acknowledged,
particularly in implementation
