

Homework assignment 2

Course: Introductory Econometrics

Lecturer: Dmytro Vikhrov

Due date: November 04, 2014 (in class).

Instructions. All problems for this assignment come from Wooldridge's Introductory Econometrics book. The datasets are located here: *File* → *Open data* → *Sample file...* → *Wooldridge tab*. You can work in groups, but each student must submit their own answer.

Do the following problems: C3.2 on page 110; C3.3, C3.4, C3.7 on page 111; C3.9 on page 112.
