

Introduction to MS Dynamics NAV

(Transfers Orders)

Ing.J.Skorkovský,CSc.

MASARYK UNIVERSITY BRNO, Czech Republic
Faculty of economics and business administration
Department of corporate economy

Transfers and locations

- Benefits
 - Direct control of transfers : where (stock locations)do we have what (items) at any moment..
 - Responsibility of workers in warehouse (Pickers and Pullers)
 - Responsibility of drivers
 - Setup enables item tracking (batches, lots)
 - Better calculation of transport times due to specification of inbound and outbound handling times as well as time of delivery depending on setup of shipping agent services

How to get Location setup

The screenshot shows the Microsoft Dynamics NAV interface for Warehouse Administration. The breadcrumb navigation at the top reads: CRONUS International Ltd. > Oblasti > Warehouse > Administrace. The left-hand navigation pane shows a tree structure with 'Warehouse' selected and highlighted with a red box. A green arrow points from the 'Locations' item in the right-hand pane to the 'Locations' item under the 'Setup' category in the main content area. The right-hand pane also has a red box around the 'Locations' item.

See bins on the next slide

Location White and its bins

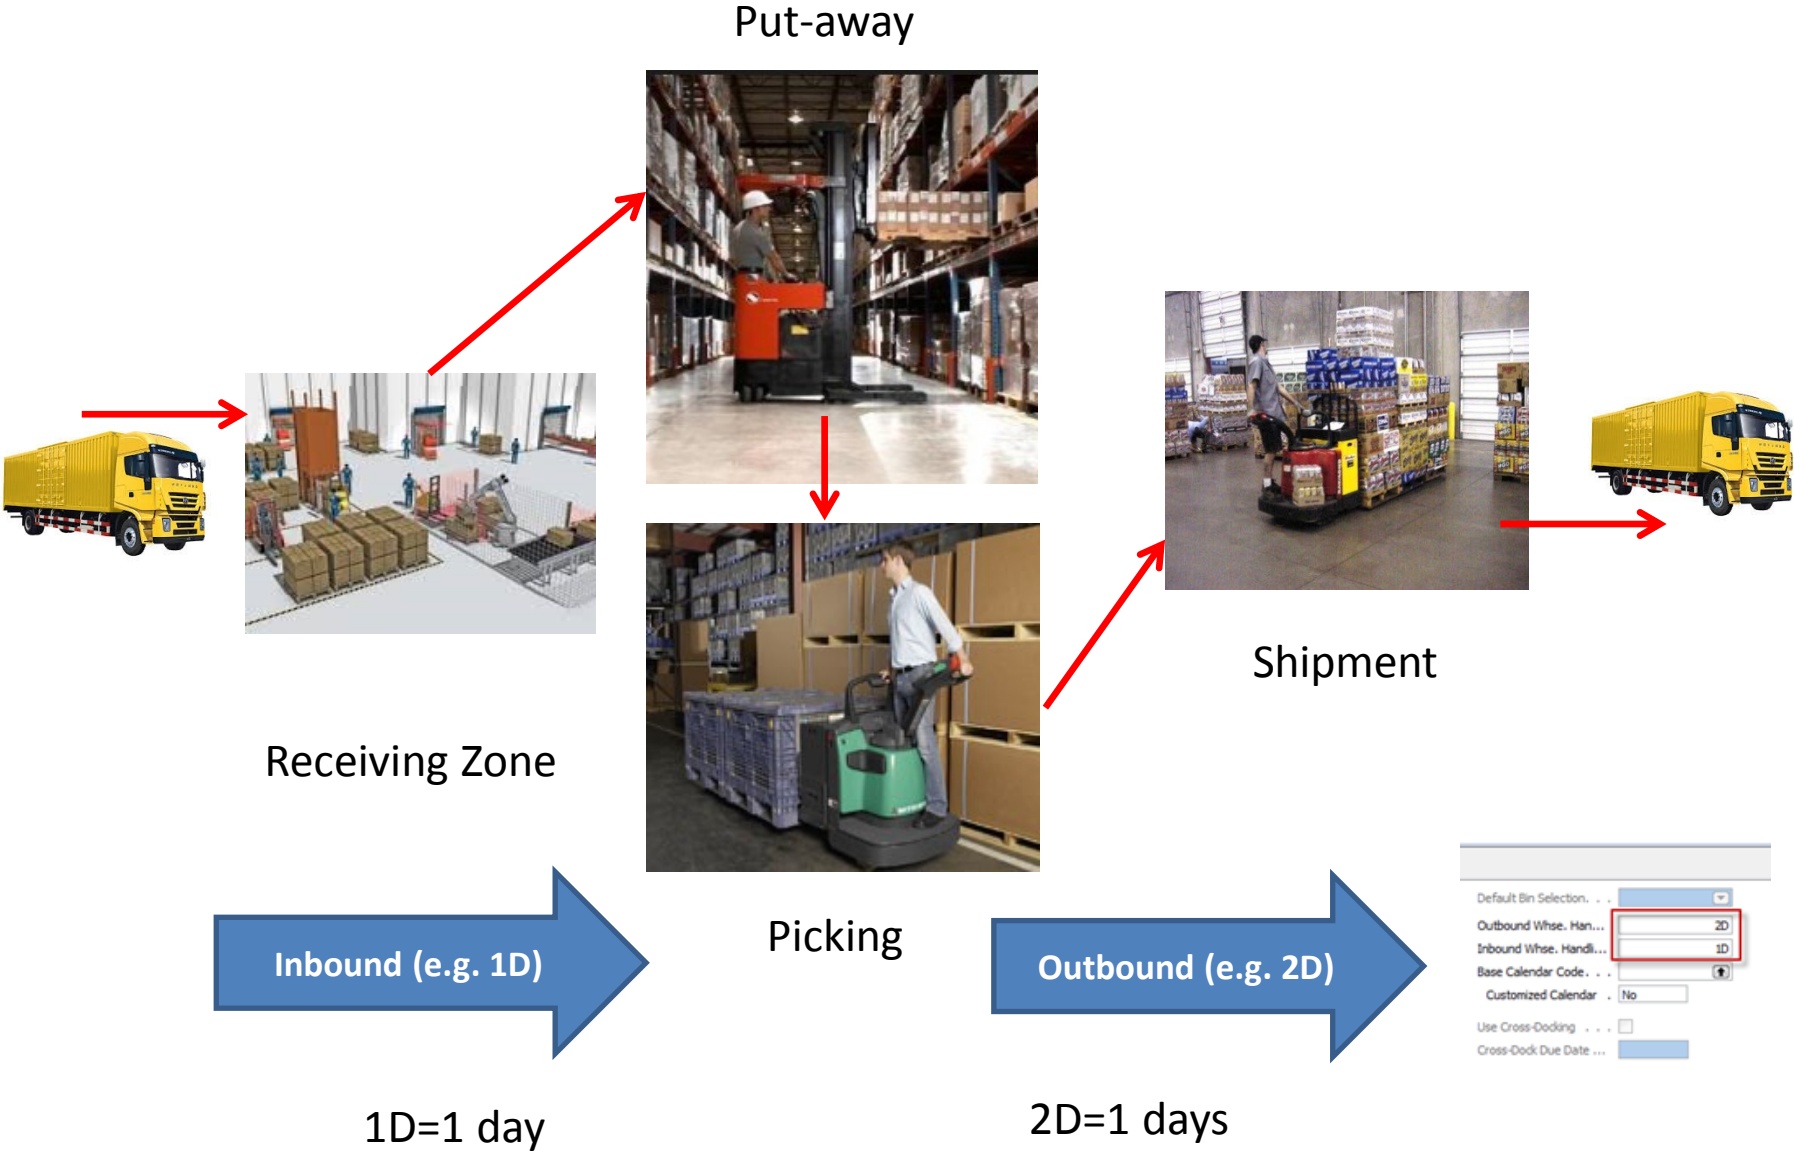

The screenshot displays the 'Bins' management interface. At the top, there is a 'HOME' tab and a navigation bar with icons for 'New', 'View List', 'Edit List', 'Delete', and 'Contents'. The 'Contents' icon is highlighted with a red box, and a red arrow points from it to a detailed view of the bins. Below the navigation bar, there is a table with columns: Code, Description, Empty, and Dedicated. The table lists four bins: W-01-0001, W-01-0002, W-01-0003, and W-02-0001. The 'Empty' column has checkboxes, with W-01-0002 and W-01-0003 checked. The 'Dedicated' column has checkboxes, all of which are unchecked.

Code	Description	Empty	Dedicated
W-01-0001		<input type="checkbox"/>	<input type="checkbox"/>
W-01-0002		<input checked="" type="checkbox"/>	<input type="checkbox"/>
W-01-0003		<input checked="" type="checkbox"/>	<input type="checkbox"/>
W-02-0001		<input type="checkbox"/>	<input type="checkbox"/>

The screenshot shows the 'Edit - Location Card - WHITE - White Warehouse' interface. The title bar indicates the location name and 'CRONUS International Ltd.'. The interface has a 'HOME' tab and a 'NAVIGATE' section with icons for 'View', 'Edit', 'New', 'Delete', 'Zones', 'Bins', 'OneNote', 'Notes', 'Links', 'Refresh', 'Go to', 'Previous', and 'Next'. The 'Bins' icon is highlighted with a red box, and a red arrow points from it to the 'Bins' management interface shown in the previous screenshot. Below the navigation bar, there is a 'General' section with fields for Code, Name, Address, Address 2, Post Code, City, Country/Region Code, Contact, and Use As In-Transit. The fields are populated with: Code: WHITE, Name: White Warehouse, Address: Merrily Grove Avenue 6, 2, Address 2: (empty), Post Code: WC1 2GS, City: West End Lane, Country/Region Code: GB, Contact: (empty), and Use As In-Transit: .

The posting date is same instead of having two dates 24.1.19 and 27.1.19. The reason is as follows : both movement were posted at same date !!

Transfer by use of Item Reclassification Journal

The image shows a screenshot of a software interface. On the left is a navigation menu with several items: 'Departments' (highlighted with a red box), 'Financial Management', 'Sales & Marketing', 'Purchase', 'Warehouse' (highlighted with a red box and a small triangle icon), 'Orders & Contacts', 'Planning & Execution', 'Goods Handling Order by ...', 'Goods Handling Multiple ...', and 'Inventory' (highlighted with a grey background). On the right is the 'Inventory' page, which has a blue title. Under the title, there are two sections: 'Lists' with the sub-item 'Phys. Invt. Counting Periods', and 'Tasks' with sub-items 'Item Journals', 'Item Reclass. Journals' (highlighted with a red box), 'Phys. Inventory Journals', and 'Revaluation Journals'.
