

Introduction to MS Dynamics NAV

(Transfers Orders)

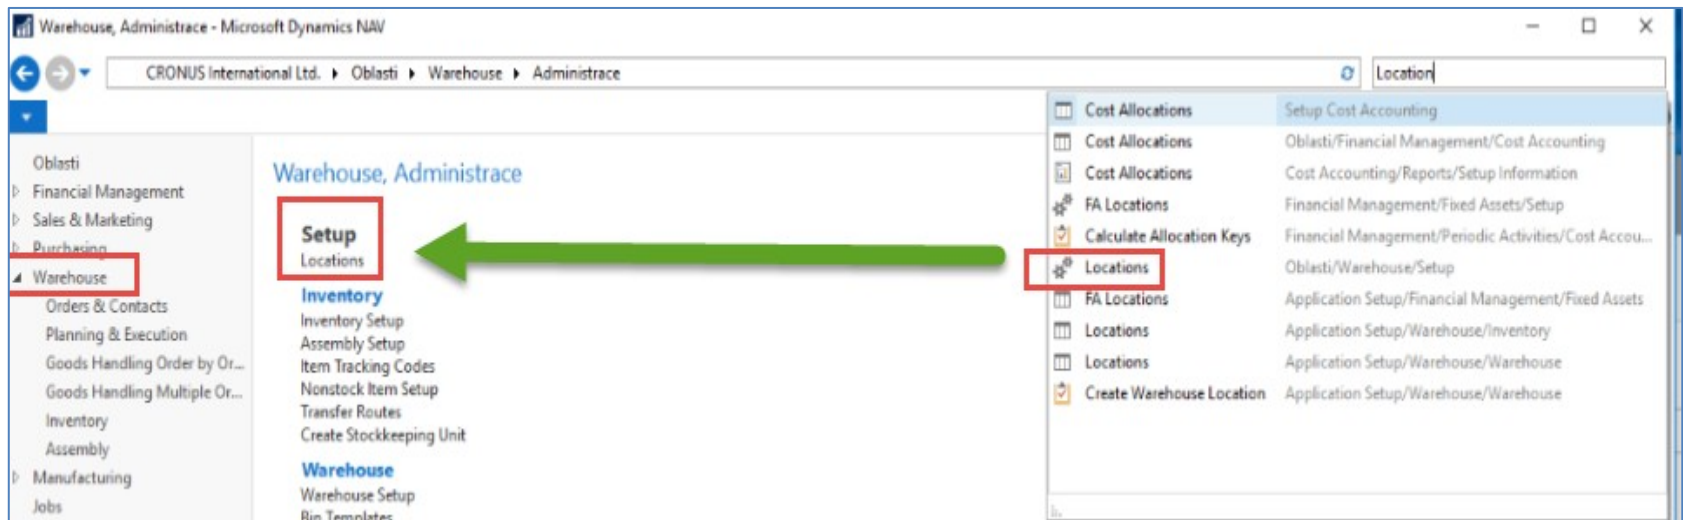

Ing.J.Skorkovský,CSc.

MASARYK UNIVERSITY BRNO, Czech Republic
Faculty of economics and business administration
Department of corporate economy

Transfers and locations

- Benefits
 - Direct control of transfers: where (stock locations)do we have what (items) at any moment.
 - Responsibility of workers in the warehouse (Pickers and Pullers)
 - Responsibility of drivers
 - The setup enables item tracking (batches, lots)
 - Better calculation of transport times due to specification of inbound and outbound handling times as well as the time of delivery depending on the setup of shipping agent services

See bins on the next slide

Location White and its bins

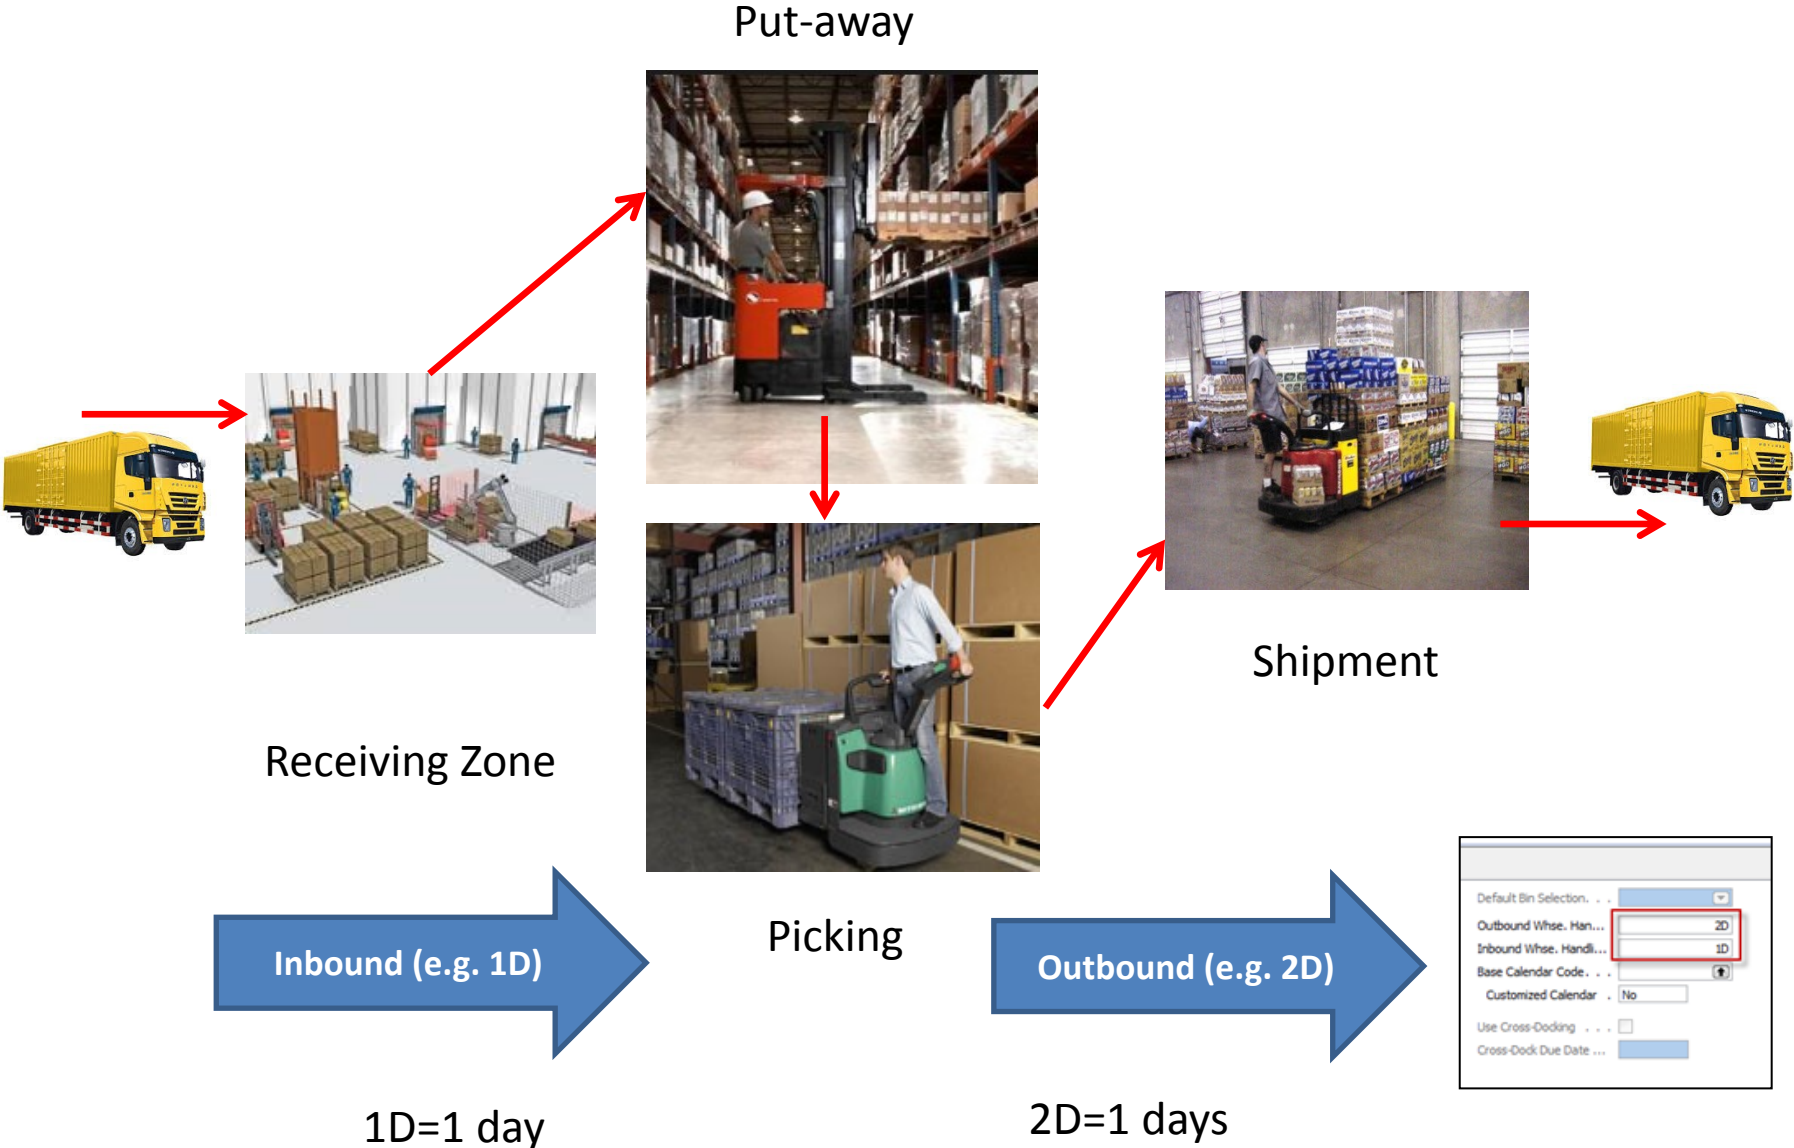

The screenshot shows a software interface with a top navigation bar and a main content area. The navigation bar includes a 'HOME' tab and several action buttons: 'New', 'View List', 'Edit List', 'Delete', 'Contents', and 'Refresh'. The 'Contents' button is highlighted with a red box. Below the navigation bar, there is a table of bins with columns for 'Code', 'Description', 'Empty', and 'Dedicated'. The table contains four rows of data:

Code	Description	Empty	Dedicated
W-01-0001		<input type="checkbox"/>	<input type="checkbox"/>
W-01-0002		<input checked="" type="checkbox"/>	<input type="checkbox"/>
W-01-0003		<input checked="" type="checkbox"/>	<input type="checkbox"/>
W-02-0001		<input type="checkbox"/>	<input type="checkbox"/>

A red arrow points from the 'Contents' button to a detailed view of the bin list, which is a zoomed-in version of the table above. This detailed view also shows the 'Where' filter set to 'Location Code is WHITE'.

The screenshot shows the 'Edit - Location Card - WHITE - White Warehouse' page. The top navigation bar includes a 'HOME' tab and a 'NAVIGATE' section with buttons for 'View', 'Edit', 'New', 'Delete', 'Zones', 'Bins', 'OneNote', 'Notes', 'Links', 'Refresh', 'Go to', 'Previous', and 'Next'. The 'Bins' button is highlighted with a red box. Below the navigation bar, there is a 'General' section with fields for 'Code', 'Name', 'Address', 'Address 2', 'Post Code', 'City', 'Country/Region Code', 'Contact', and 'Use As In-Transit'. The 'Code' field is set to 'WHITE', 'Name' is 'White Warehouse', 'Address' is 'Merrily Grove Avenue 6, 2', 'Post Code' is 'WC1 2GS', and 'City' is 'West End Lane'. A red arrow points from the 'Bins' button to the detailed bin list view shown in the previous screenshot.

The posting date is same instead of having two dates 24.1.19 and 27.1.19. The reason is as follows : both movement were posted at the same date !!

Transfer by use of Item Reclassification Journal

The image shows a screenshot of a software interface, likely SAP, with a navigation menu on the left and a main content area on the right. The navigation menu is a vertical list of items, with 'Departments' and 'Warehouse' highlighted with red boxes. The main content area is titled 'Inventory' and contains two sections: 'Lists' and 'Tasks'. Under 'Tasks', 'Item Reclass. Journals' is highlighted with a red box.
