nk2100 Zkouška z anglického jazyka

Požadovaná je úroveň **B2+** dle CEFR, kromě obecné angličtiny se také testuje zvládnutí probírané akademické angličtiny a terminologie z oblasti sportovní vědy.

(CEFR: https://en.wikipedia.org/wiki/Common European Framework of Reference for Languages)

Typ testu: písemný test (min. pro splnění je 60%) + ústní zkouška

Váhy jednotlivých subtestů:

Poslech: 10% Čtení: 15%

Gramaticko-lexikální část: 30%

Psaní: 15%

Ústní zkouška: 30%

Typy cvičení v testu

Poslech: úkol, kde doplňujete chybějící výraz do shrnujících vět;

Čtení:

- úkol na **doplnění slov** z banky do textu (viz. ukázka č. 1);
- úkol na **porozumění textu**, kde doplňujete zpátky do textu části vět (viz. ukázka č. 2);

Gramaticko-lexikální část:

- slovní zásoba **překlad** frází (viz. ukázka č. 3)
- tvorba **otázek** (viz. ukázka č. 4)
- slovotvorba odvozování slovních druhů (viz. ukázka č. 5)
- gramatika mix multiple choice (a,b,c,d), nebo větné transformace (viz. ukázky č. 6) hlavní testované jevy: **základní časy; trpný rod, nepřímé otázky, způsobová slovesa** (can, could, should, must, have to + jejich zápory), **spojky** (although, because, because of, despite, however, unless, while), **kondicionál 1,2,3**

Psaní:

- argumentativní text na dané kontroverzní téma (hodnotí se srozumitelnost, spojovací prostředky, struktura, slovní zásoba)

Ústní zkouška:

- odborná rozprava na téma vlastního výzkumu, studia, diplomové práce

Ukázky testových úkolů

1. Doplnění slov z banky

incidence of obesity.

• Pets can have a positive effect on the body's reactions to stress.

Read the following text and fill in the gaps with suitable words from the list. You do not have to change the form of the words. There are 2 words you do not need to use.

_	production e decrease	performance	shown	perform	linked	results	impaired
