### Jak začít – úvodní obrazovka?

Možnost výběru z dalších typů prázdných dokumentů pro web

### Založení kořenového(root) adresáře na PC

Domácí adresář musí být vždy na Vašem PC nebo na vaší lokální síti!  
Nelze on-line editovat adresáře na serveru.

## Panel Groups – založení kořenového adresáře v Dreamweaveru

The image shows the 'Create New' panel on the left with 'Dreamweaver Site...' selected and circled in orange, labeled with a '1'. To the right is the 'Site Definition' dialog box for 'Jméno stránek'. The 'Name' field contains 'Jméno stránek' and is circled in orange, labeled with a '2'. The 'Next >' button at the bottom is circled in orange, labeled with a '3'.

HTML

The image shows the 'Site Definition' dialog box for 'Jméno stránek', 'Part 3'. It asks 'How do you want to work with your files during development?'. The 'Edit local copies on my machine, then upload to server when ready (recommended)' radio button is selected. Below, the 'Where on your computer do you want to store your files?' field contains the path 'I:\### STRANKY SPECIALIZACE ###\Jméno stránek\' and is circled in orange.
