#### 'Europeanisation' of social policy

- E.U. 'single social policy areas'?
- E.U. policies affect:
  - policy style;
  - general problem solving approach;
  - policy instruments employed;
  - policy standards set

- Europeanisation of:
  - pressure groups
  - interest groups
  - epistemic communities

- 4 processes of 'Europeanisation' of policy:
- a) 'bottom-up' (national state E.U.)
- b) 'top-down' (E.U. national state)
- c) 'horizontal' (State State)
- d) 'round-about' (national state E.U. national state)

- 'Europeanisation' based on underlying E.U. principles and 'core values':
  - social progress;
  - high levels of employment;
  - social protection;
  - raising living standards and quality of life;
  - promoting social cohesion and social justice

#### 'Europeanisation'

= overarching E.U. core values and principles, within which individual policies are shaped and formulated, and diversity and 'mutual recognition' acknowledged, particularly in implementation
