

**Perspectives on Foreign Policy Decision Making**  
MVZ480

**Please note when two students are listed at one topic, they should prepare two different presentations unless the presenting students agree on a joint presentation AND they get permission from the instructor for a joint presentation.**

Students should find at least two research articles for their presentations and email them (full citations or accessible links) to the instructor a week prior to the presentations.

Presentations should add to our knowledge of the theory of the week (critical points, problematic or novel applications etc.), so probably you want to start with reading the compulsory reading ahead of time before you start selecting articles.

<b>Week Date</b>	<b>Topic</b>	<b>Presenter</b>	<b>Presentations</b>
6 24.03	<b>Prospect theory</b>	Lucie Sitarova	Presentation 1
7 31.03	<b>Two-level games</b>	Ondrej Stolba	Presentation 2
