Questions for the Reviewers to Answer
For In-class Peer Review – **PAGE 2**

What is the main point, thesis or central organizing idea of the paper? Does this need more definition or clarification?

If this is a persuasive paper (yes, it is!), what claims is the author making?

Is there adequate support for the claim(s)? Are examples or evidence needed?

What information would help to strengthen the paper?

Is the language use good – does the paper “flow” or are there parts that are difficult to understand? Is the tone appropriate for the assignment and the target audience?
