Questions for the Reviewers to Answer For In-class Peer Review

What is the main point, thesis, or central organizing idea of the paper? Does this need more definition or clarification?

Is the topic appropriate to the writing assignment? Does it need to be more general or focused?

What information would help to strengthen the paper?

Are examples, evidence or support needed?

Is the language use good, or are there parts that are difficult to understand? Is the tone appropriate for the target audience?
