

READ ME FILE

The lecture topics, lectures, and reading are organized by the lecture date, e.g., “Oct11L” is a **Lecture** outline for that day, and the **Reading** associated with it is indicated by “Oct11Ra,” “Oct11Rb,” “Oct11Rc,” “Oct11Rd,” “Oct11Re, and “Oct17Rf” for the October 11, 2016, class. The pound sign (#) before the reading title indicates that the reading is required. The lack of a # designation before a reading title means that it is NOT REQUIRED, e.g., “Oct13Rx Charles W. Johnson, Parliamentarian, Unites States House of Representatives, How Our Laws Are Made.” The Xa, Xb, Xc, Xd, and Xe designations are for transcripts of the Declaration of Independence, Constitution of the United States with its Amendments, Louisiana Voter Registration Card (used to maintain *de facto* racial segregation), *Statistical Abstract of the United States: 2012*, Section 7, Elections, which is a compilation of tables (Table 397 to Table 427; pp. 244-264) with political information published by the U.S. Bureau of the Census, and the National Exit Polls done in conjunction with the 2008 and 2012 Presidential Elections and the 2010 and 2014 midterm election. The *Statistical Abstract*, while published every year, began to be compiled by a non-government organization in 2013.
