

# LITERATURE MATRIX ASSIGNMENT

## Assignment 1: Literature Matrix and Introduction

- A) Construct a literature matrix on the basis of your chosen research question / thesis statement. Make sure that for each sub-question you have at least three academic sources that help in answering each of your sub-questions.
- B) Now that you have an overview of the approximate contents of your final essay start writing the introduction. The introduction should contain between 150 – 250 words.
- C) Construct a reference list based upon the sources you used in the matrix.
