SOC036 Marketing for Lawyers

Dear colleagues,

let me welcome you as our new ERASMUS incoming students in our faculty! I adress simultaneously those who are going to study in our faculty within programmes other than ERASMUS.

My name is Josef Bejcek and I am Law Faculty ERASMUS-Coordinator. Please, pay attention to following information and recommendation.

You can find our ERASMUS student-guide in our websites <http://www.law.muni.cz/dokumenty/9393>. The names of respective lecturers of your courses are involved there including their e-mail addresses. Please contact them immediately in order to set up your time schedules.

All teachers have been already informed via e-mail about your arrival and about your interest to visit their courses. Some of them may still be abroad or on holiday, some take part in different conferences etc., so that do not stop trying to reach them later. The teaching period is starting on 20. 9. 2010 already.

Please note that there is no centrally given fix time schedule. The lessons are organized as tutorial ones and the terms of courses depend on an agreement between the respective teacher and the students.

Therefore, please, contact the respective teachers in order to get know where and when the first lesson will be held.

In case of emergency, feel free to contact either me or you can contact Mrs. Zora Musilova (zora.musilova@law.muni.cz) as well (office room Nr. 019, ground floor).

Looking forward to meeting you!

Sincerely yours,
Josef Bejcek
10. 9. 2010
