

SOC050 Legal Philosophy

- Some philosophical text will always be discussed in seminars. These texts can be found in the study materials in IS MUNI. Always bring them to a seminar (printed or in electronic form).
- Part of the text will be a few questions that will be discussed at the seminar. These questions will include those that will be part of the test.
- The course is finished by an exam, which is evaluated by marks A to E. The exam consists of a **written test** composed of the questions discussed in the seminars and a presentation about some philosophical issue.
- A maximum of ten points can be obtained from the test. You can get the following marks from it:

Points	Marks
10	A
9	B
8	C
7	D
6	E
5 or less	F

- The **presentation** is created by each student himself (not in a group). You can choose any topic from the field of legal philosophy. The length of the presentation is **5 to 10 minutes**. The day before the seminar when you will present, put your presentations into the study materials in IS MUNI.
- The exam mark is the average of the test and presentation marks.
