

Instructions for students of the subject Restorative dentistry V. practice

On Monday is a holiday. On Tuesday and Wednesday the lessons (practical training) are performed at the SIMU. **On Thursday and Friday** - all students are at the Department of Stomatology (St. Ann Hospital)

Classes begin at 7:30.

At 7:30 you are ready for work - dressed and in your places.

Print a protocol of practical training.

DEPARTMENT OF STOMATOLOGY

Clinical training is performed at the Department of Stomatology St Ann Faculty Hospital (on the first education theatre (vyukovy sal 1) or in dental offices of the teachers.

At the teaching theater students will perform the treatment of these patients. Brief introduction is from 7.30 to 8.00.

For clinical training complete white dress is required, slippers, gloves, respirators.

SIMU

From the bookstore you can buy teeth, you need for your practical training.

You will need: 37 (47), 34 (44), 35 (45), 11, 21. Bring also endodontically treated teeth 14 and 11. (KaVo analog)

First day you will prepare cavities and make fillings according to instructions, see also the protocol of the practical training.

Second day you will perform the postendodontic treatment of the endodontically treated teeth.

Students are required to print out the protocols before start of exercise.

The condition of credit is 100% attendance at seminars, fulfillment of tasks. The course of the exercise is kept on record - protocol.

Photocopy of the protocols should be send into the File depository for the check. Then credit can be given.
