SIMU

You must buy artificial teeth for practical training of endodontics. These teeth are prepared for you in the special package made by Biovoxel company: [Balík EndoTooth](#)
[3.ročník LF Brno | BioVoxel Technologies](#)

You can purchase new endo instruments (strongly recommended) and gutta-percha cones. The tools that you used during lessons of preclinical dentistry are worn – high risk of fracture. Fractured instrument in the root canal is the reason for repeating the exercise..

You must wear Slippers, lab coat.

Please have drills, hand tools, endodontic instruments, pencil, gloves.

- After short theoretical introduction you will perform endodontic treatment according to instructions in Protocol of practical training - Endodontics I. This year we will start with power driven endodontics. You will be provided with these instruments.

Completion of the course:

- The condition of credit is 100% attendance at seminars, fulfillment of tasks. The course of the exercise is kept on record - protocol.
- Students are required to print out the protocols before start of exercise. First page - a record for a simulated classroom the second page - the protocol of clinical training (table) confirms teachers every day and students must submit it before credit.
- Prepared teeth are archived for any student.
- Each absence must be excused the study department. Teachers are entitled to in case of serious deficiencies in knowledge and behavior of the student exclude student from the practical lessons of the day.

Reasons for exclusion from practical lessons:

- Arriving late (10 minutes or more unexcused), repeated late arrival, inappropriate looks (student does not have clean clothes, slippers, nail polish, rings, not sober etc.).
- Inappropriate, rude behavior, lack of basic knowledge.
- Repetition of missed exercise is possible after end of semester, only after consultation with the teacher and also the guarantor of the subject.
