

One file endodontics

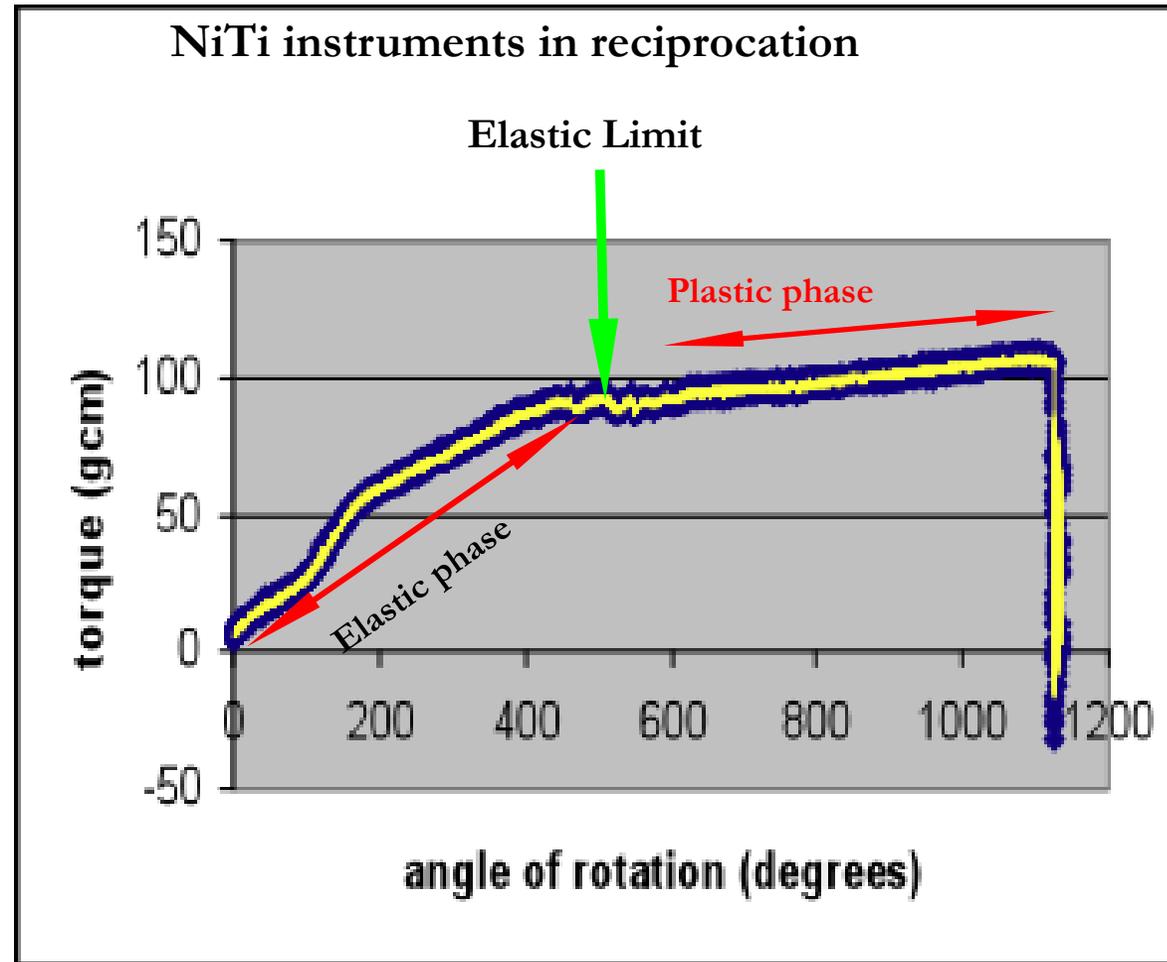

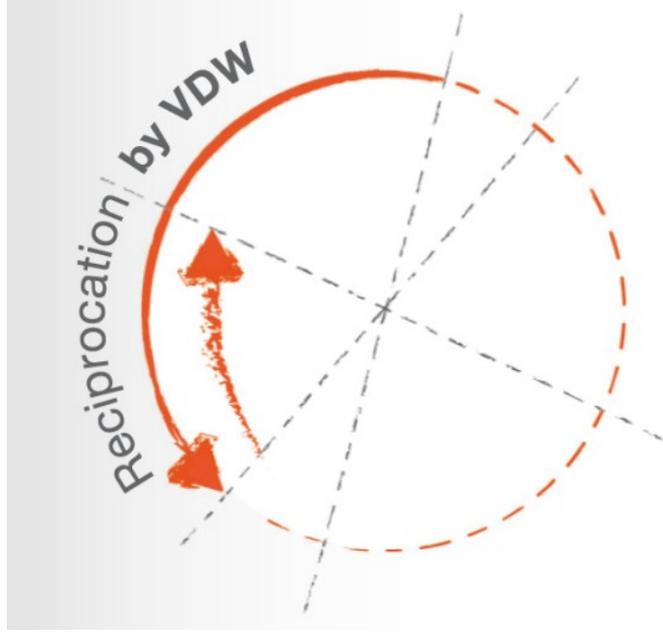

Wave one....

The instrument releases within the elastic phase

Reciprocation - benefits

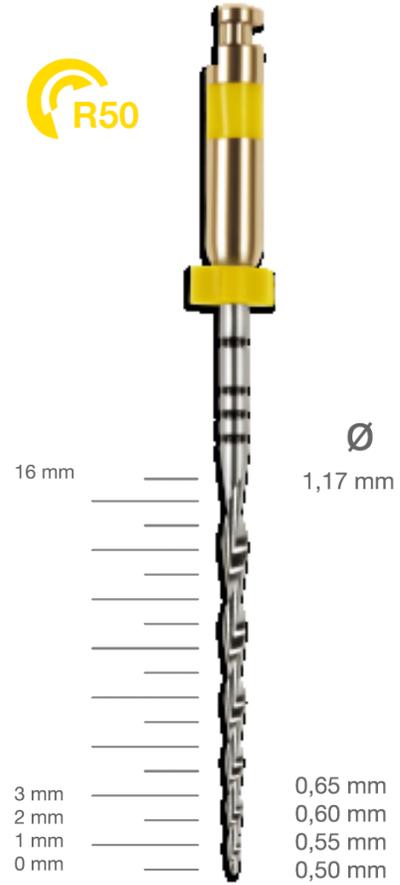

Reciprocation - benefits

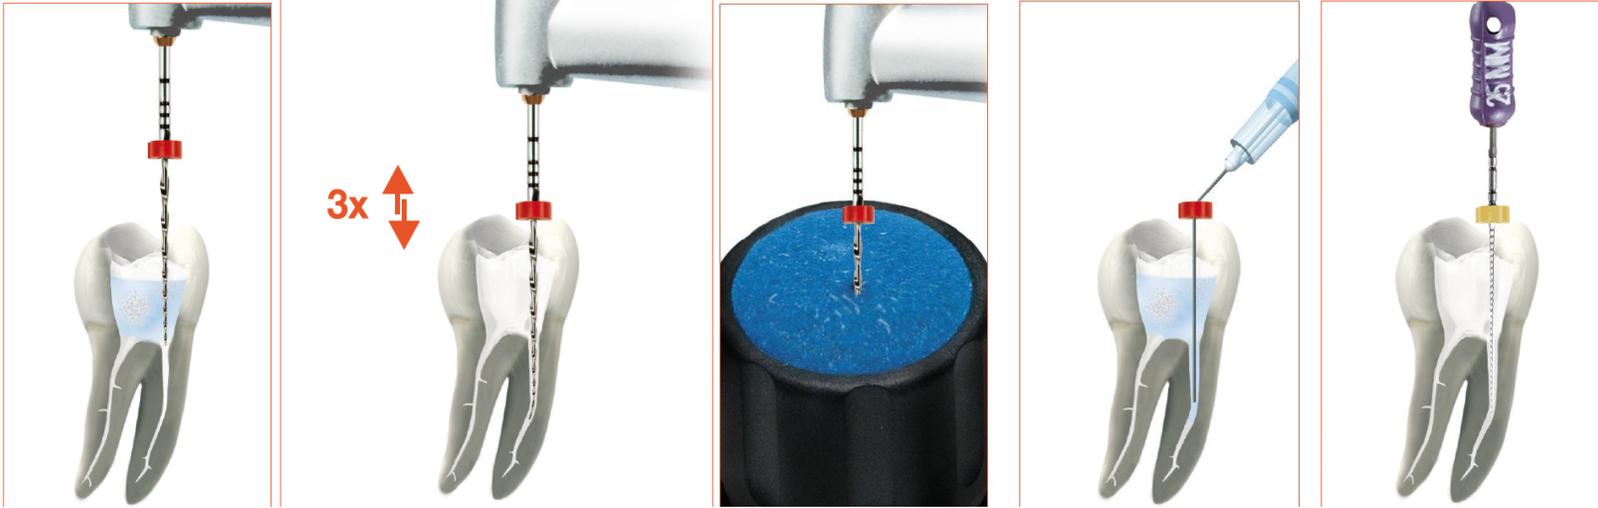

- **Simplicity**
 - Ony one instrument for one tooth
 - Sterile – single use
- **Safety**
 - Minimized risk of fracture
 - No risk of contamination
 - Users friendly

Wave One

- Regressive taper

RECIPROC®

Basic rules of power driven endodontics - reciprocation

- Movement in amplitudes: up/down 3 mm
- Cleansing of instruments each 3 amplitudes
- Reach the apical constriction and go out !
