	gaps – use the			
coryza	pulmonary		spiration	
pulmo	nologist	tachypnea	_	pneumonia
asthma	rhinitis	3	dyspnea	A
1		_	of disease	es of the lungs and the
	respiratory s			
			s in the stu	udy of the lungs and the
	respiratory s	ystem.		
3	- inflammation	n of the nose.		
4	- inflammation	n of the lung c	aused by b	pacteria, viruses, or chemical
	irritants.			
5	- the intercha	nge of gases be	etween an	organism and its environme
6	- difficulty in 1	oreathing.		
7	- a dark blue	condition of th	e skin and	mucous membrane caused
	oxygen defici	ency.		
8	- fast breathin	ıg.		
9	- a disease of	the bronchi ch	aracterized	d by wheezing, dyspnea, and
		striction in th		
10				ed by sneezing, nasal dischar
	coughing, an			<i>3</i>
III. Revision -	- make nouns f	rom the followi	ng verbs a	nd translate them:
1. swell:		_	6. destroy	···
2. occur:		_	7. drain:	
3. grow:		_	8. inflame	:
4. involve:		_	9. remove	:
5. lose:		_	10. elevate	e:
IV. Revision -	- make adjectiv	es from the fol	lowing nou	ns and translate them:
1. muscle:		_	6. vessel:	
2. vein:		_	7. surgery	
3. inflammat	ion:	_	8. stomac	h:
4. liver:		_	9. tooth:	
5. nose:		_	10. spleen	1:
			1	
V. Revision –	make the follow	wing words pli	ıral:	
1. bacterium		<i>J</i>	6. capillar	v:
2. virus:		_	7. thromb	=
3. tooth:		_	8. vertebra	
4. phalanx:		_	9. debris:	
5 bronchus:		_	10 embol
