

SCHÉMATA 1. A 2. SEMESTR

Fossa pterygopalatina

kranial zur Augenhöhle
- N. infraorbitalis
- N. zygomaticus
- A. infraorbitalis

kranio-dorsal zur mittleren Schädelgrube
- N. maxillaris

dorsal zur mittleren Schädelgrube
- N. petrosus major
- N. petrosus prof.

lateral zur Fossa infratemporalis
- Endäste der A. maxillaris
- Nn. alveolares sup., post.

medial zur Nasenhöhle
- A. sphenopalatina
- Rr. nasales post., sup.

kaudal zur Mundhöhle
- A. palatina descendens
- Nn. palatini

Foramen rotundum

Canalis pterygoideus

Ganglion pterygopalatinum

Foramen spheno-palatinum

Pterygo-palatis muscle

A. palatina descendens
Nn. palatini

PRŮBĚH CANALIS NERVI FACIALIS V PYRAMIDĚ

Pohled shora

ROZDĚLENÍ FUNDUS MEATUS ACUSTICUS INTERNUS

Os ethmoidale

Kostěná nosní přepážka

Rozdíl mezi diskem a meniskem na příčném řezu

Vazy atlanto-axiálního spojení, pohled shora

Rozdíl mezi arthrodiem et enarthrosis

Kloub kulový volný (arthrodia)

Kloub kulový omezený (enarthrosis)

Fasciae colli (horizontální řez)

* A. carotis communis, v. jugularis interna, n. vagus

Vagina m.recti abd.

Fissura scalenorum

Fossa temporalis na frontálním řezu, úpon fascie

Trigonum submandibulare

Trigonum lumbale- Petiti

Trigonum Grynfelti

m.erector spinae

m.serratus posterior infer.

Tetragon Krausei

m.erector spinae

m.serratus posterior infer.

costa I.

m.obliquus internus

Vagina synovialis na podélném příčném řezu

příčný řez

podélný řez

Lacuna musculorum et vasorum

Plica umb.**mediana**=
Lig.umb.**mediale**=
obliterovaný urachus

Plica umb.**medialis**=
Lig.umb.**laterale**=
obliterovaná a.umbilicalis

Plica umb.**lateralis**=
Lig.interfoveolare=
vasa epigastrica inferiora

Trigonum suboccipitale

Průběh nervů a cév v mezižebří

Trigonum caroticum

processus mastoideus

Trojúhelníky na krku
