

<b>Lymphoid system</b>	
<b>Lymph</b>	
<b>Lymph vessels and nodes</b>	
<b>Ductus thoracicus</b>	
Cisterna chyli	
Truncus lumbalis dexter et sinister	
Trunci intestinales	
Truncus jugularis sinister	
Truncus subclavius sinister	
Truncus bronchomediastinalis sinister	
<b>Ductus lymphaticus dexter</b>	
Truncus jugularis dexter	
Truncus subclavius dexter	
Truncus bronchomediastinalis dexter	
<b>Nodi lymphoidei</b>	
Tributary region	
Regional lymph node	
Sentinel lymph node	
<b>Lymph nodes of head and neck</b>	
<b>Nodi lymphoidei</b> occipitales, mastoidei, parotidei, submandibulares, faciales, submentales, retropharyngei, cervicales superficiales et profundi	
<b>Lymph nodes and vessels of upper limb</b>	
Superficial and deep collectors	
Nodi lymphoidei cubitales	
<b>Nodi lymphoidei axillares</b> centrales, humerales, subscapulares, pectorales, interpectorales, apicales (infraclavicularis)	
<b>Thoracic lymph nodes</b>	
<b>Nodi lymphoidei pulmonales, bronchopulmonales, bronchiales, tracheobronchiales, paratracheales, mediastinales anteriores et posteriores, phrenicas superiores, parasternales, intercostales</b>	
<b>Abdominal lymph nodes</b>	
<b>Nodi lymphoidei lumbales, coeliaci, gastrici, hepatici, pancreaticoduodenales, pancreatici, splenici, mesenterici superiores et inferiores, ileocolici, colici, iliaci interni, externi et communes, sacrales, paravesicales, paravaginales, parauterini, pararectales</b>	
<b>Pelvic lymph nodes and vessels</b>	
Superficial and deep collectors	
Nodi lymphoidei inguinales et poplitei	
<b>Thymus</b>	
Lobus dexter et sinister	
Thymus syntopy	
<b>X-ray examination (lymphography)</b>
