

# Morfologie trombocytů

*Bourková L., OKH FN Brno*

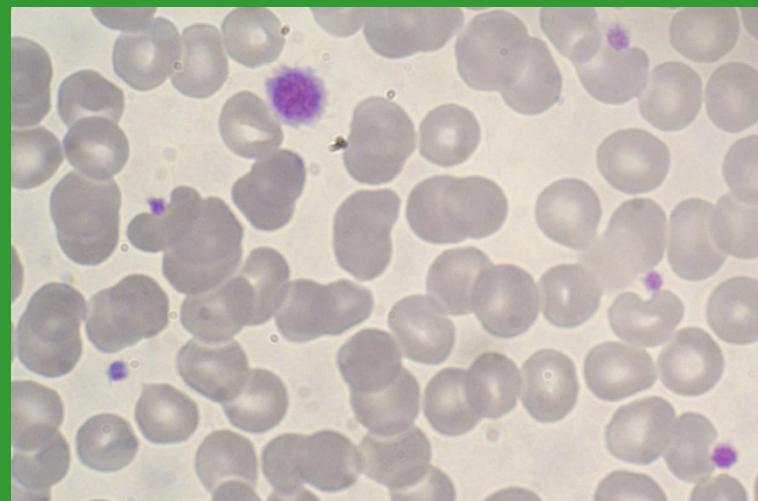

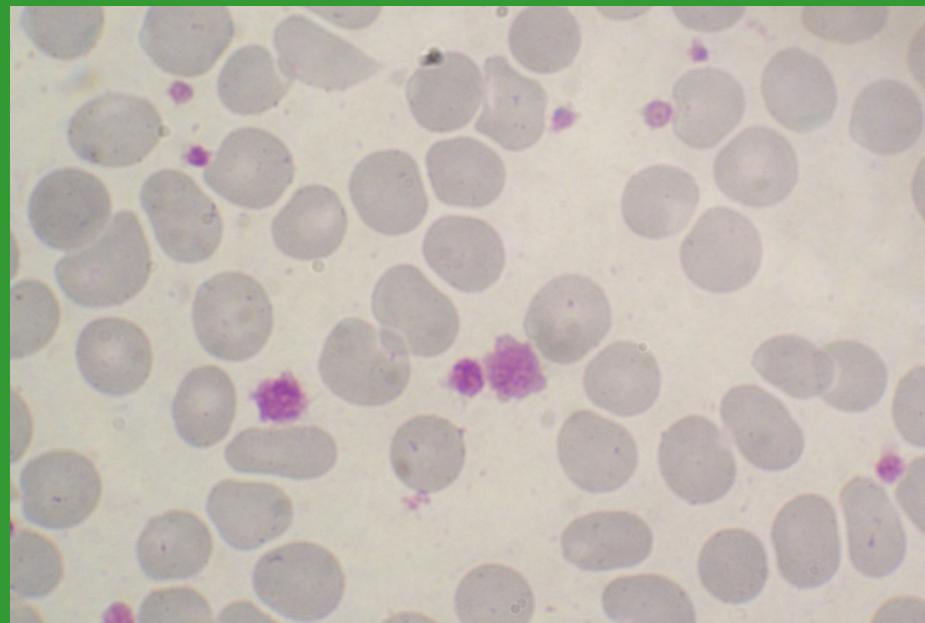

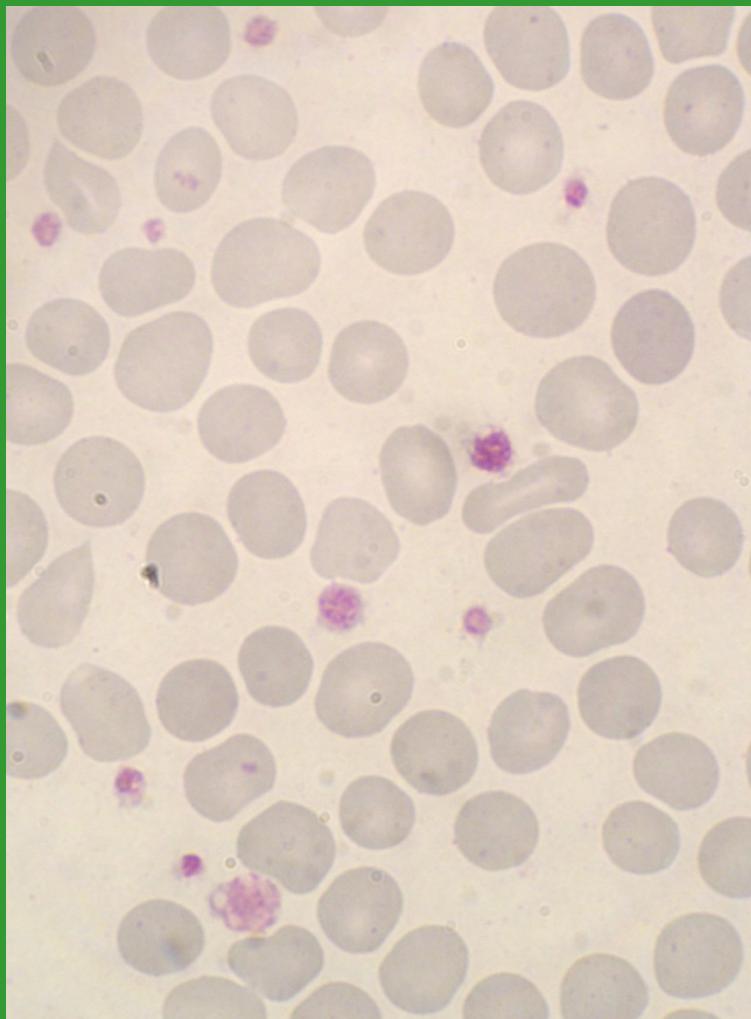

## Příklad vývojových stádií megakaryocytů

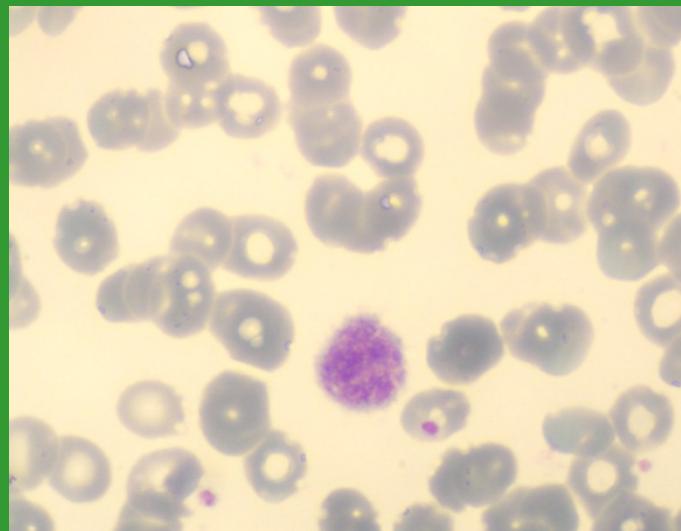

# Fyziologické trombocyty

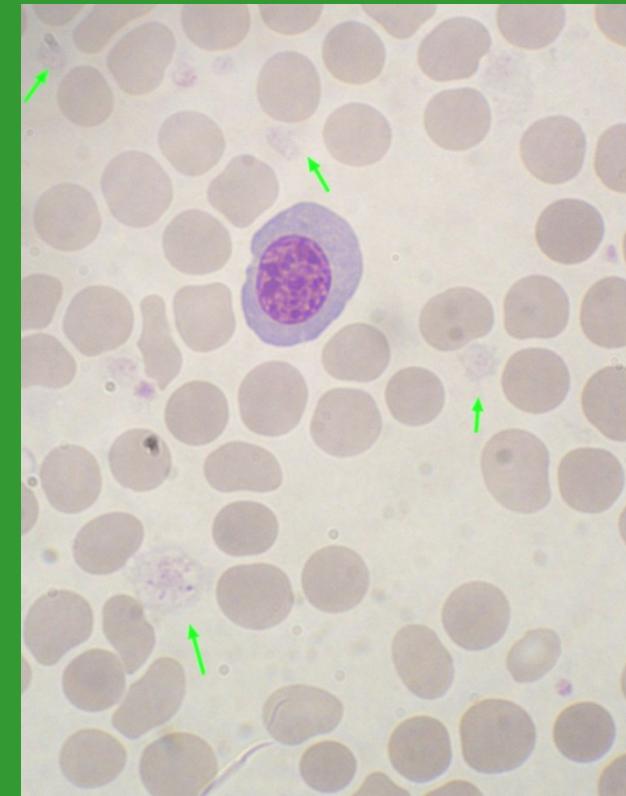

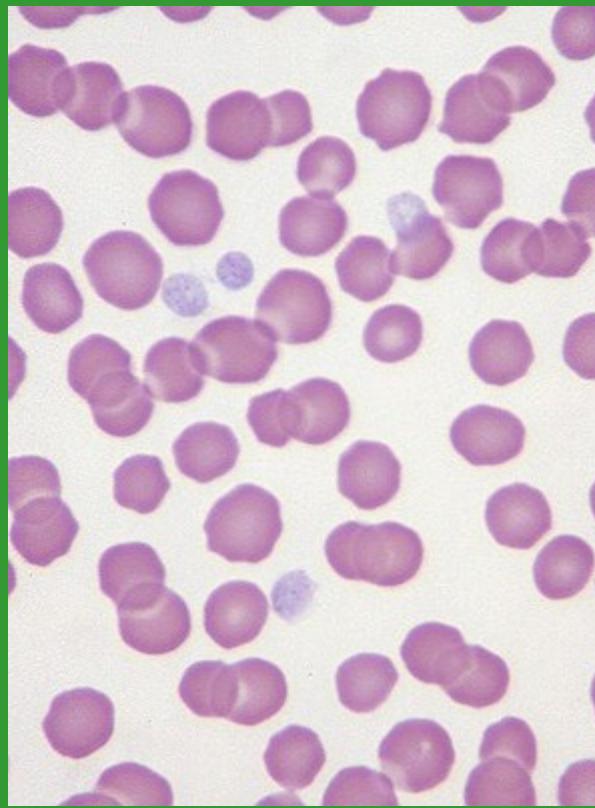

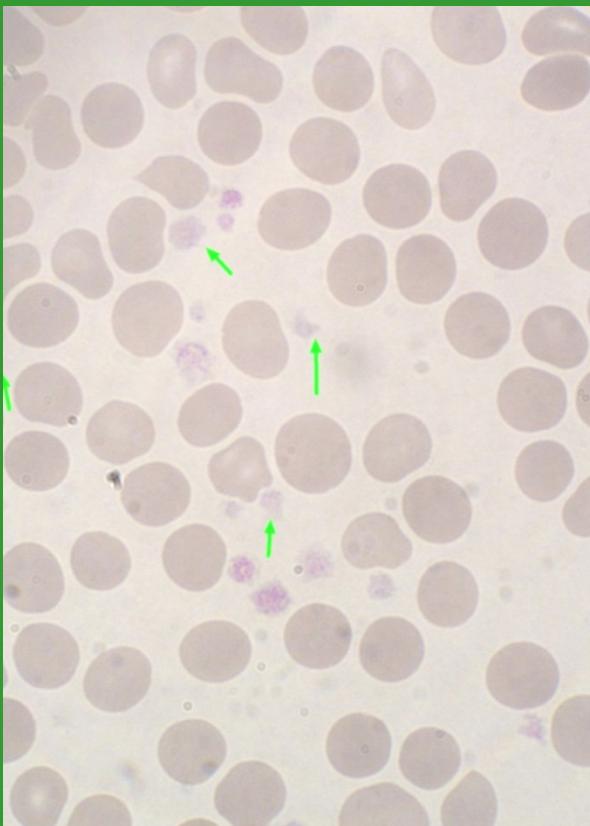

# Anizocytóza trombocytů

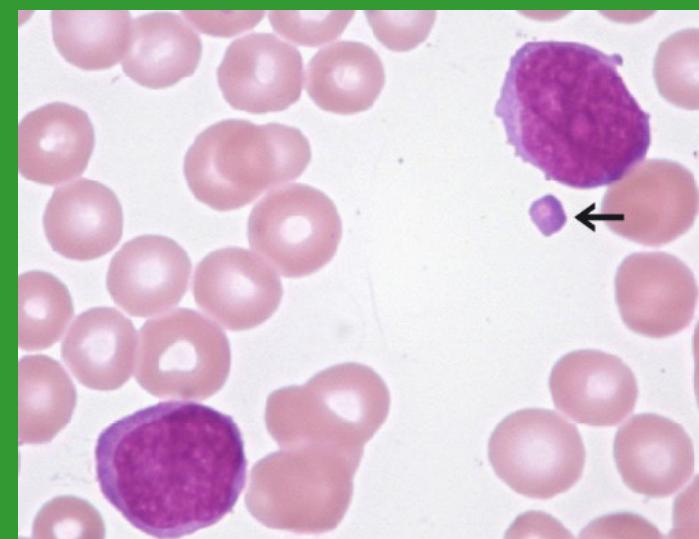

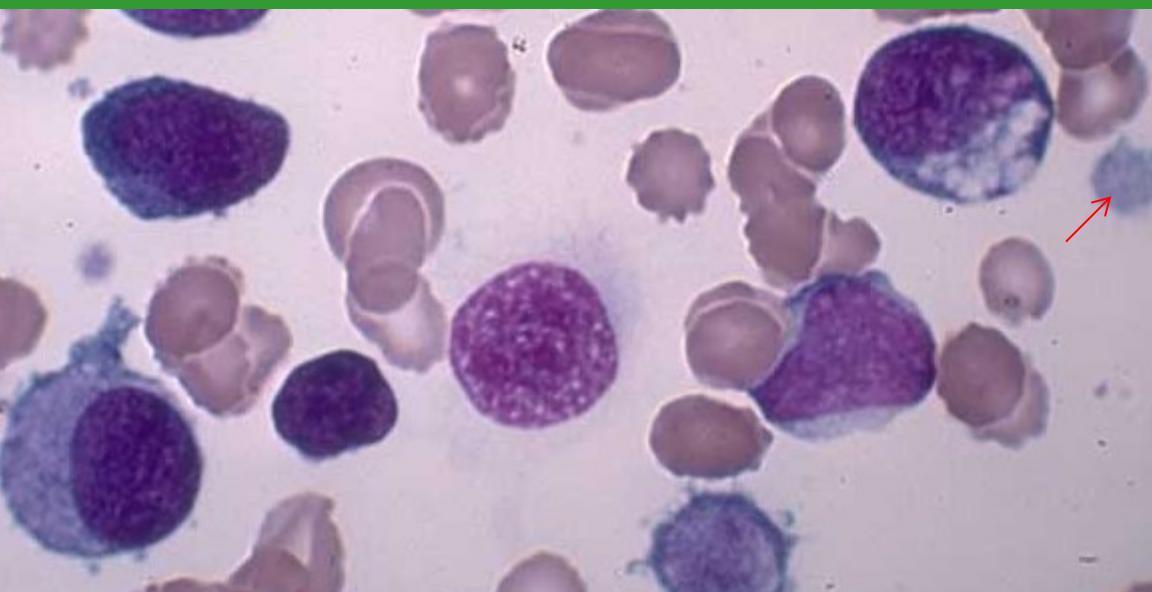

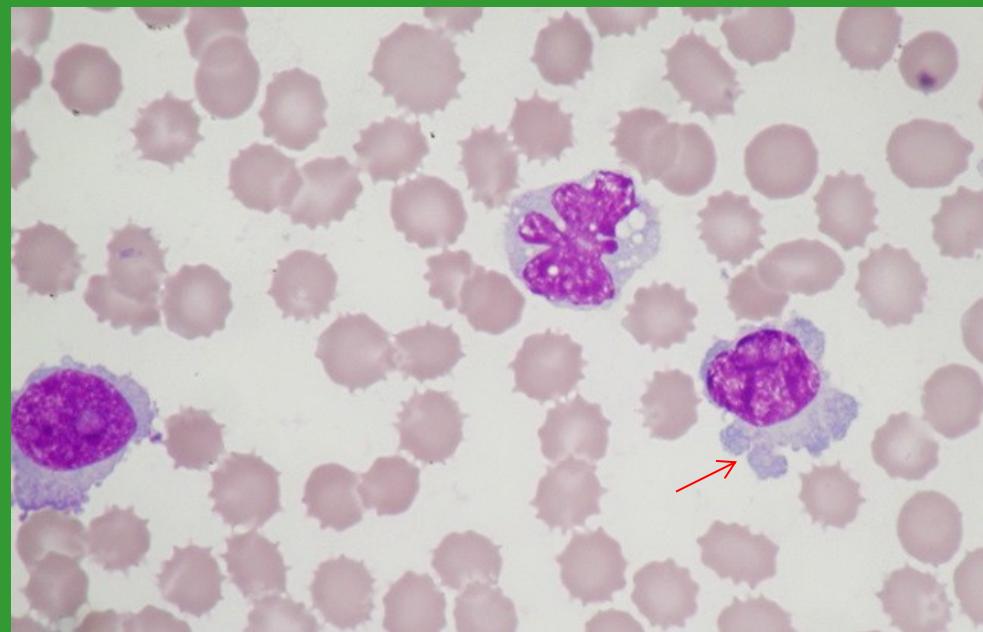

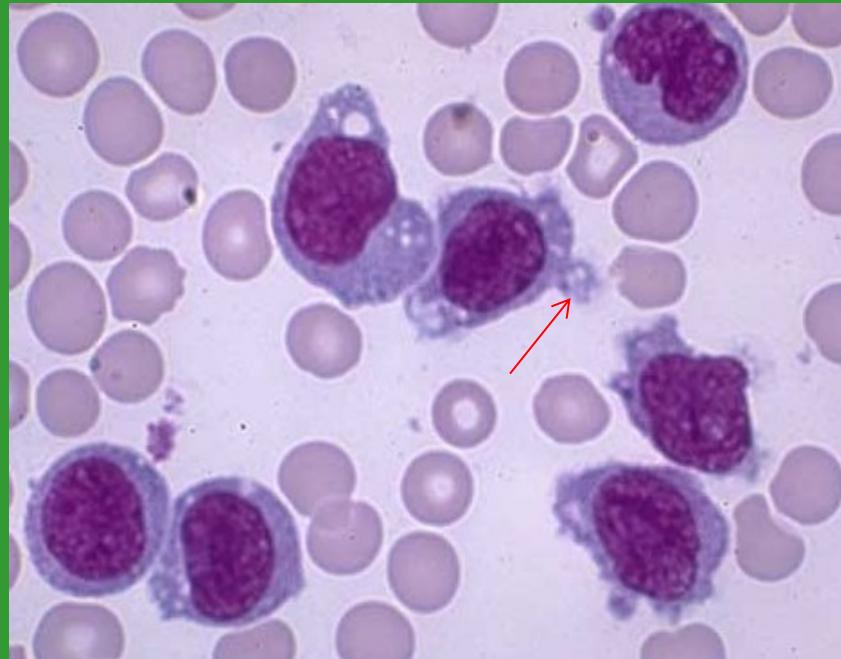

# Makrotrombocyty – gigantické trombocyty

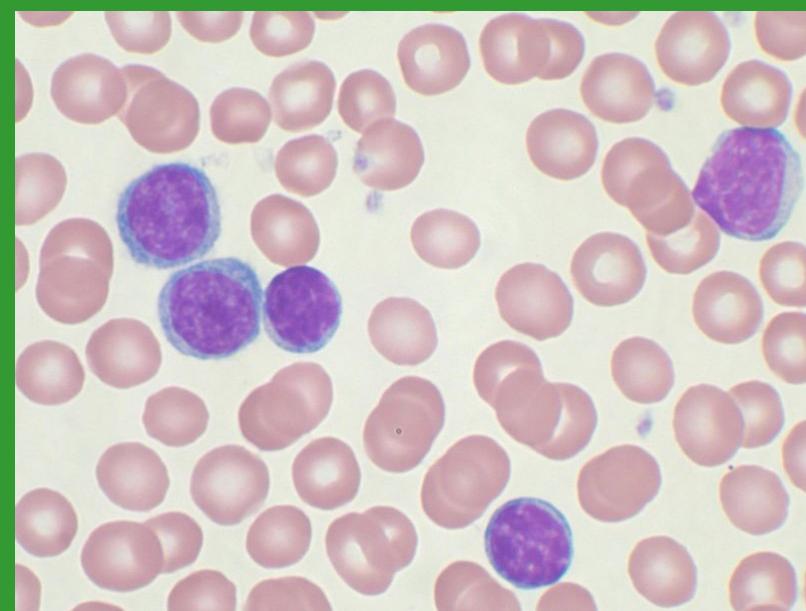

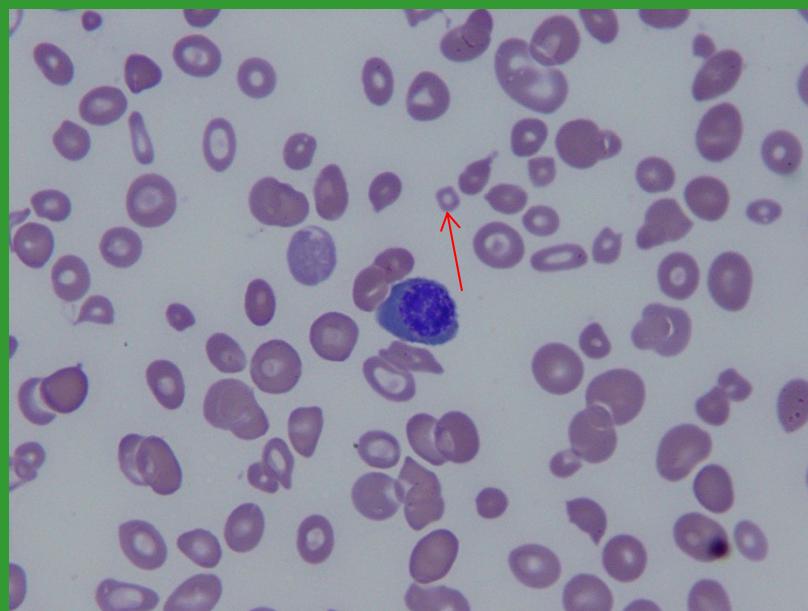

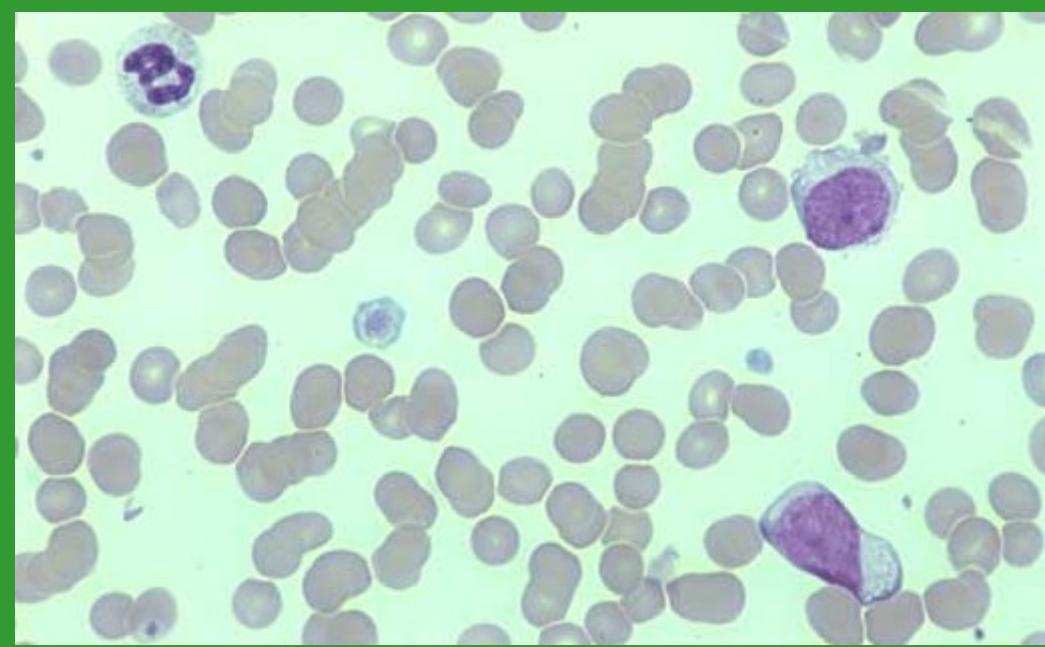

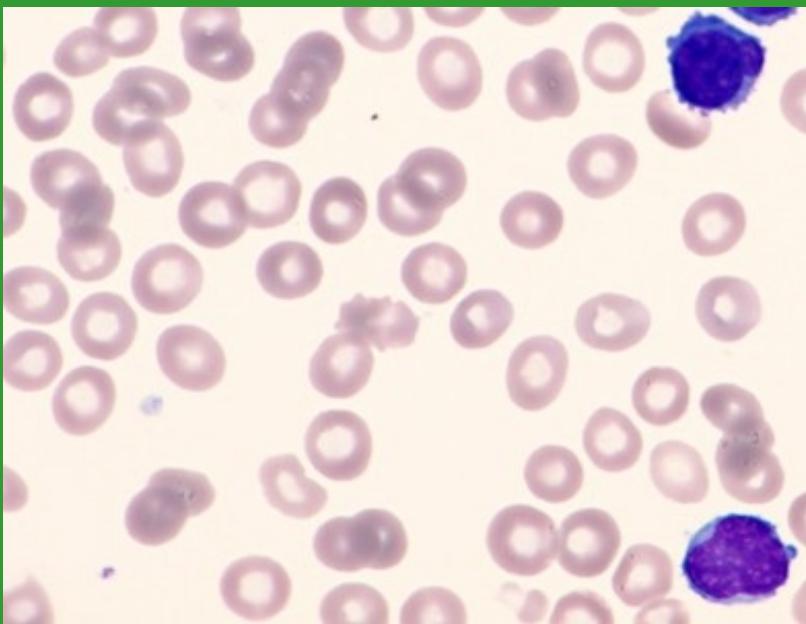

# Hypogranulární trombocyty

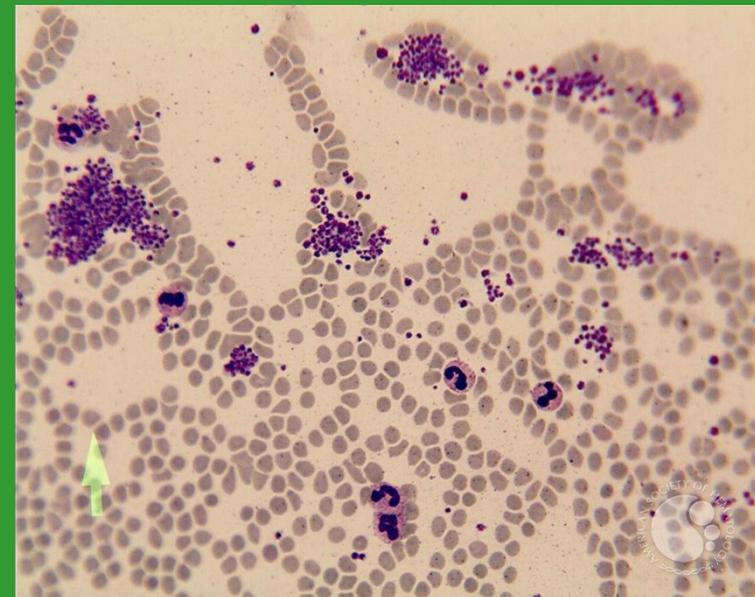

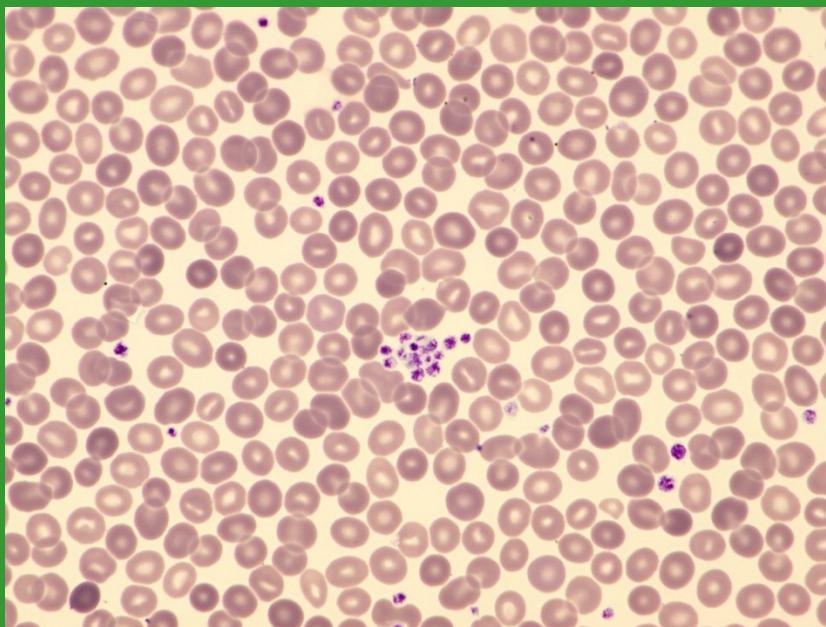

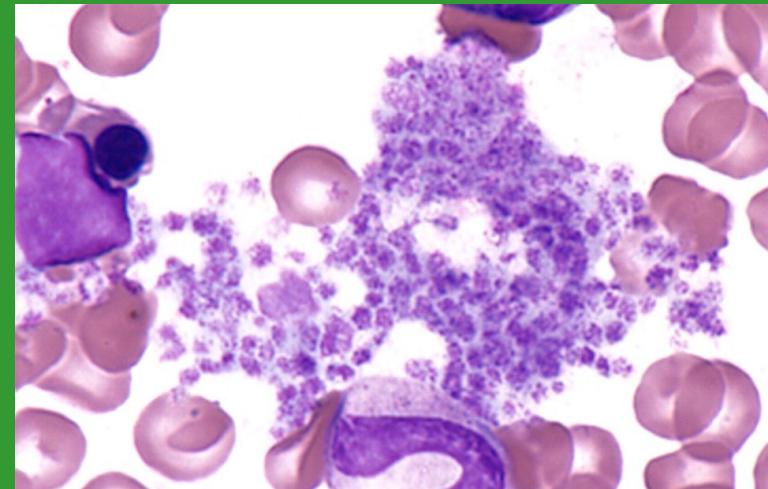

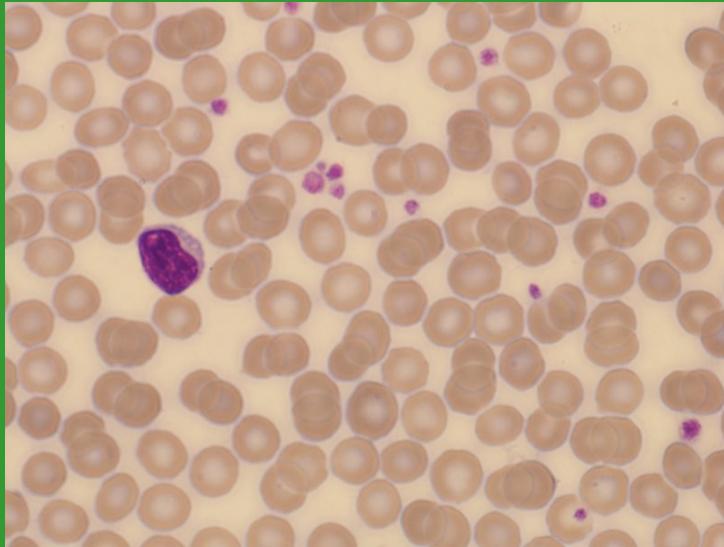

## *Fragmenty cytoplazmy (MGK x WBC)*

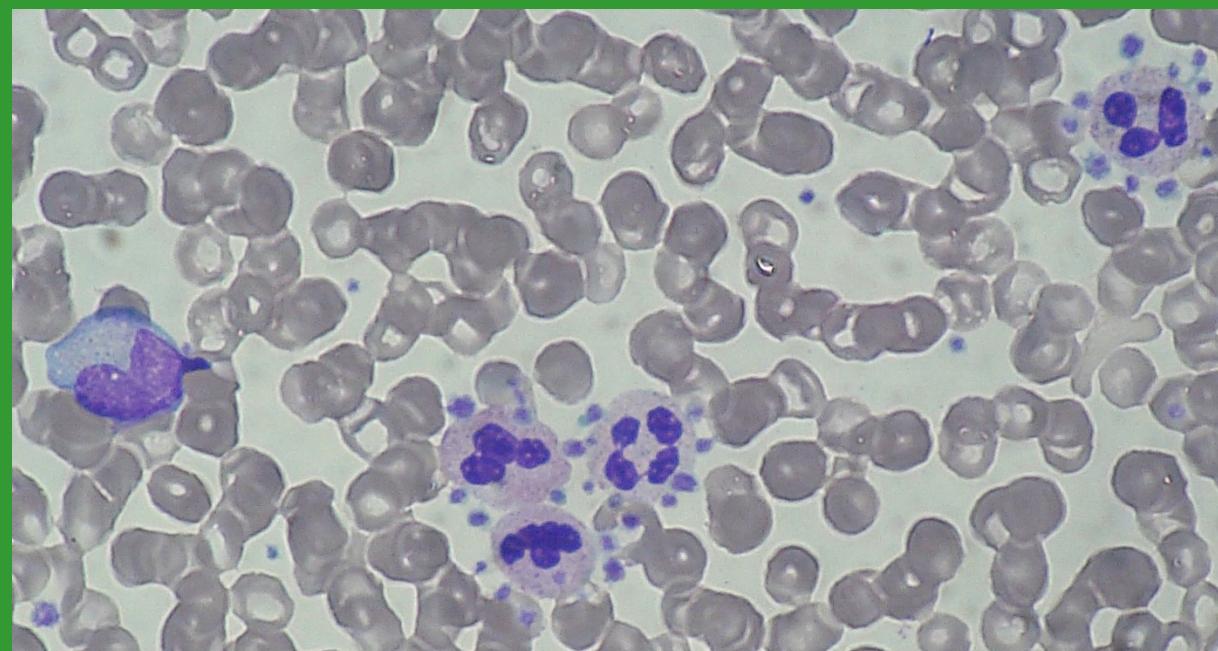

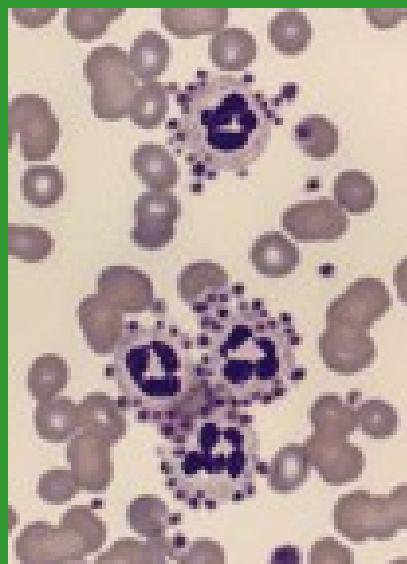

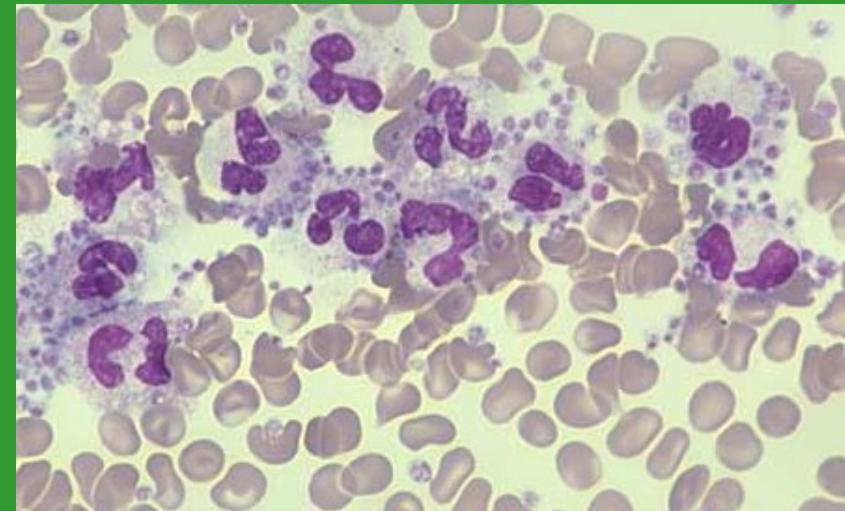

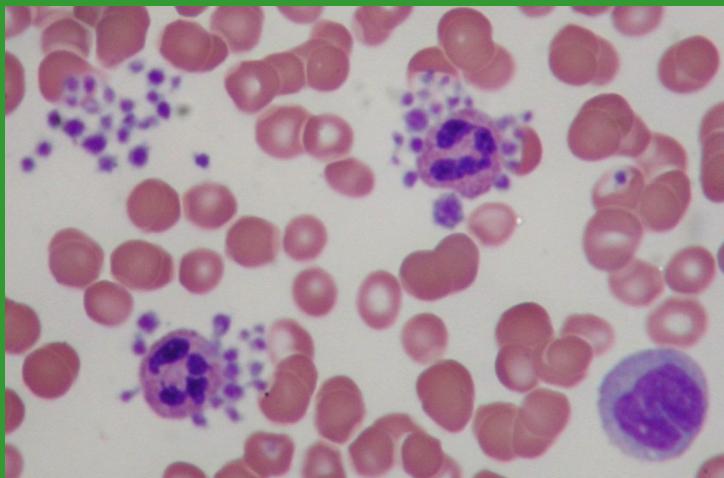

PLT – hypogranulace x buněčné fragmenty x mikrocyty

## Shluky/sraženiny trombocytů

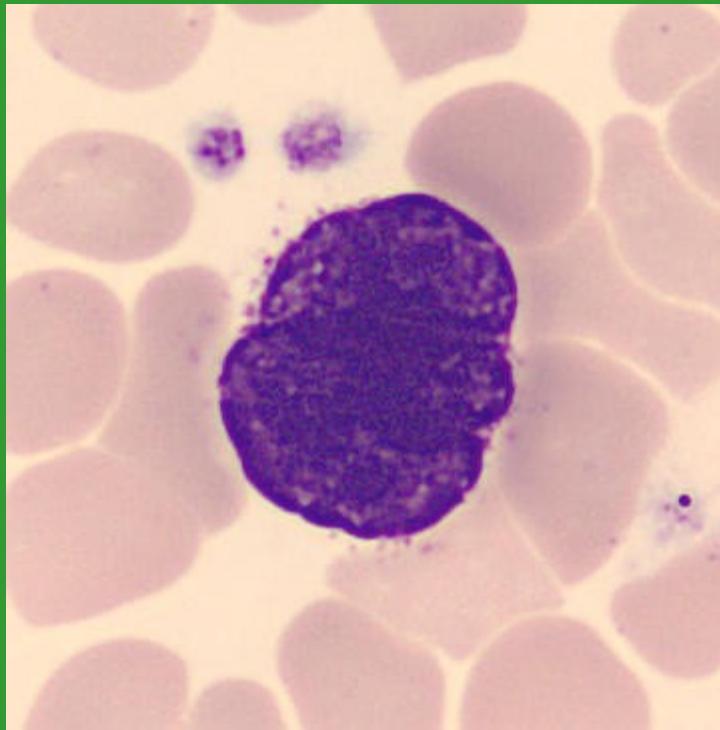

# Satelitismus trombocytů

# Megakaryocyty

holé jádro MGK v PK

MGK v KD
