SCENARIO No. 1

- As you are driving your car from work you happen to be a witness of a road traffic accident (RTA)
- Description of the RTA: car versus tree, the car engine still running, no hand brakes applied.
- Driver with a seat belt on, air bags deployed. Nobody else in the vehicle.
- The driver is not responding to speech.

Any thoughts?

Scenario No.2

- You are having a lunch with a friend of yours at your favorite restaurant.
- You can not help but overhear a noisy conversation being held at the next table. A middle-aged man is eating a steak and talking to his colleague.
- All of sudden is he grasping his neck, coughing but cough is weakening and he is struggling to breathe.

Any thoughts?

Scenario No 3

- You are queuing to check-in at the airport.
- You are noticing an elderly man looking distressed and grasping his chest.
- He is sweating and complaining of sharp chest pain spreading to his jaw.

Any thoughts?
