**CPR IS FOR THE PERSON WITH A HEART  
AND BRAIN TOO GOOD TO DIE**

# PETER JOSEF SAFAR (12. dubna 1924 – 2. srpna 2003)

- Rakouský lékař českého původu
- Inovátor, edukátor, humanista a vizionář
- Jeho dcera zemřela v 11 letech na astmatický záchvat
- Vynalezl koncept kardiopulmonální resuscitace (resusc. Abeceda)
- Spoluzakladatel první Asociace medicíny katastrof
- První „ICU“ v Americe a první změny v historii umělé ventilace
- Navrhl první resuscitační „Anču“
- Kolegové jeho týmu navrhli první design interiéru sanitního vozu (jak to vypadalo do té doby?)
- Fokus na mozkovou tkáň definice CPR a ochlazovací techniky
- 3x nominován na Nobelovu cenu za přínos pro medicínu

## □ Neobvykle troufalé experimenty

# Petrovy zákony pro život

- If anything can go wrong, fix it!
- When given a choice, take both.
- Multiple projects lead to multiple successes.
- Start at the top and work your way up.
- Do it by the book... but be the author.
- When forced to compromise, ask for more.
- If you can't beat them, join them, and then beat them.
- If it's worth doing, it's got to be done now!
- If you can't win, change the rules.
- If you can't change the rules, then ignore them.
- Perfection is not optional.
- When faced without a challenge, make one.
- "No" simply means begin again at one level higher.
- Don't walk when you can run.
- Bureaucracy is a challenge to be conquered with a righteous attitude, a tolerance for stupidity, and a bulldozer when necessary.
- When in doubt, THINK!
- Patience is a virtue, but persistence to the point of success is a blessing.
- The squeaky wheel gets replaced.
- The faster you move, the slower time passes, the longer you live!
- Death is not the enemy but occasionally needs help with timing.
- When on thin ice, dance.
- It's up to us to save the world.
