DEPARTMENT OF PHYSIOLOGY

TITLE

Preclinical practice

Author

Alexandra Országhová
3rd year, GM

Academic year

2020/2021

Table of Contents

1 Title of the Chapter (style Title 1: Arial, bold, 14pt)	3
1.1 Title of the Subchapter of the 1 st Order (style Title 2: Arial, bold, 13pt)	3
1.1.1 Title of the Subchapter of the 2 nd Order (style Title 3: Arial, bold, 12pt)	3
2 Title of another Chapter	4
References	5

Text have to be divided to the chapters (e.g. introduction, material and methods, results, conclusion). If the chapter is too long, it is possible to divide it to subchapters. Main text have to be divided into paragraphs. The length of the text depends on character of the project. Please, follow supervisor's instructions.

In the main text, please, use following format:

1 Title of the Chapter (style Title 1: Arial, bold, 14pt)

Main text (style Normal: Arial, normal, 12pt)

1.1 Title of the Subchapter of the 1st Order (style Title 2: Arial, bold, 13pt)

For the whole text (except of the title page) use line spacing 1.5 and justify text on the page (text aligned evenly along the left and right margins).

1.1.1 Title of the Subchapter of the 2nd Order (style Title 3: Arial, bold, 12pt)

The beginning of the new chapter should be placed on the new page.

2 Title of another Chapter

And so on...

References

List of references have to be included. Individual sources are listed in single citation style (e.g. Chicago Author-Date, JAMA, Vancouver). All sources from the list have to be cited in the main text. Please, use citation manager (e.g. Zotero, EndNote) or function in MS Word (References – Insert citation).

For more about citation, styles, citation managers and citation ethics, see online materials (Library of University Campus: <https://kuk.muni.cz/vyuka/materialy/rozcestnik.php>, in Czech only).
