

History of Technology: Making of Europe

DEp00W

7 April 2022

History of Science – History of Technology

- Similarities:
 - professionals are interested in the findings
 - scientists as well as engineers get to write the history
 - ... and are respected for that
- Differences:
 - Science may sometimes be done without instruments (maths)
 - Technology involves heavy investments and society (design)
 - ... scientific development may influence technology and vice versa

History of technology

- Nuts and bolts
- Social construction of technology
- Trevor Pinch
- Medium is the message.
- Do artefacts have politics?
