

International Week @home

For students in (pre-)primary or early secondary education

To enhance international and intercultural awareness through cross-border co-teaching and co-designing small scale 'learning by doing' projects for young children all over Europe

WHEN: 11 & 12 March 2024 (16.00-20.00hrs) + flexible days/times

WHERE: ONLINE + in your classroom at work place or internship

COSTS: approx. €0

YOU NEED: internet connection @home & possibilities / permission to carry out classroom activities in your own classroom in your home country

Collaborative Online
International Learning
Experience 2 ECTS

Enhance internationalisation in YOUR OWN classroom

Practical Project > design lessons or project(s)/ practise English language skills/ work together in an international setting/ meaningful context learning

You will work together with a student from another country...

- And compare school systems in different countries of Europe
- And research internationalisation and interculturalism (in your own school)
- Investigate activities that support and enhance internationalisation
- Investigate importance of internationalisation, interculturalism
- And work towards a project of internationalisation in your primary class with other European students
- And collaborate ONLINE in a project for your class@home
- And establish sustainable contacts for further (online) international activities in your primary school **
- Visit (virtually) each other's classrooms **

** advanced outcome options

Pre-'departure': 6 March 2024
at 7-8pm ONLINE
Closing: in consultation
