

# Addiction

A procedure for teachers,  
parents and staff to follow

- What do other schools do to solve the issue of addiction?  
  
(research individually online in English then come back together as a school and share information)

# Addiction

Create a procedure for teachers, parents and staff to follow.

Create it on paper or a new DOC on a laptop

- Create a procedure document that is step-by-step for teachers to follow to help the student out of addiction
- Create a set of guidelines to give to parents to explain how addiction can affect their child's study and what they can do to help their child.
