Culture and cultural perspectives in education

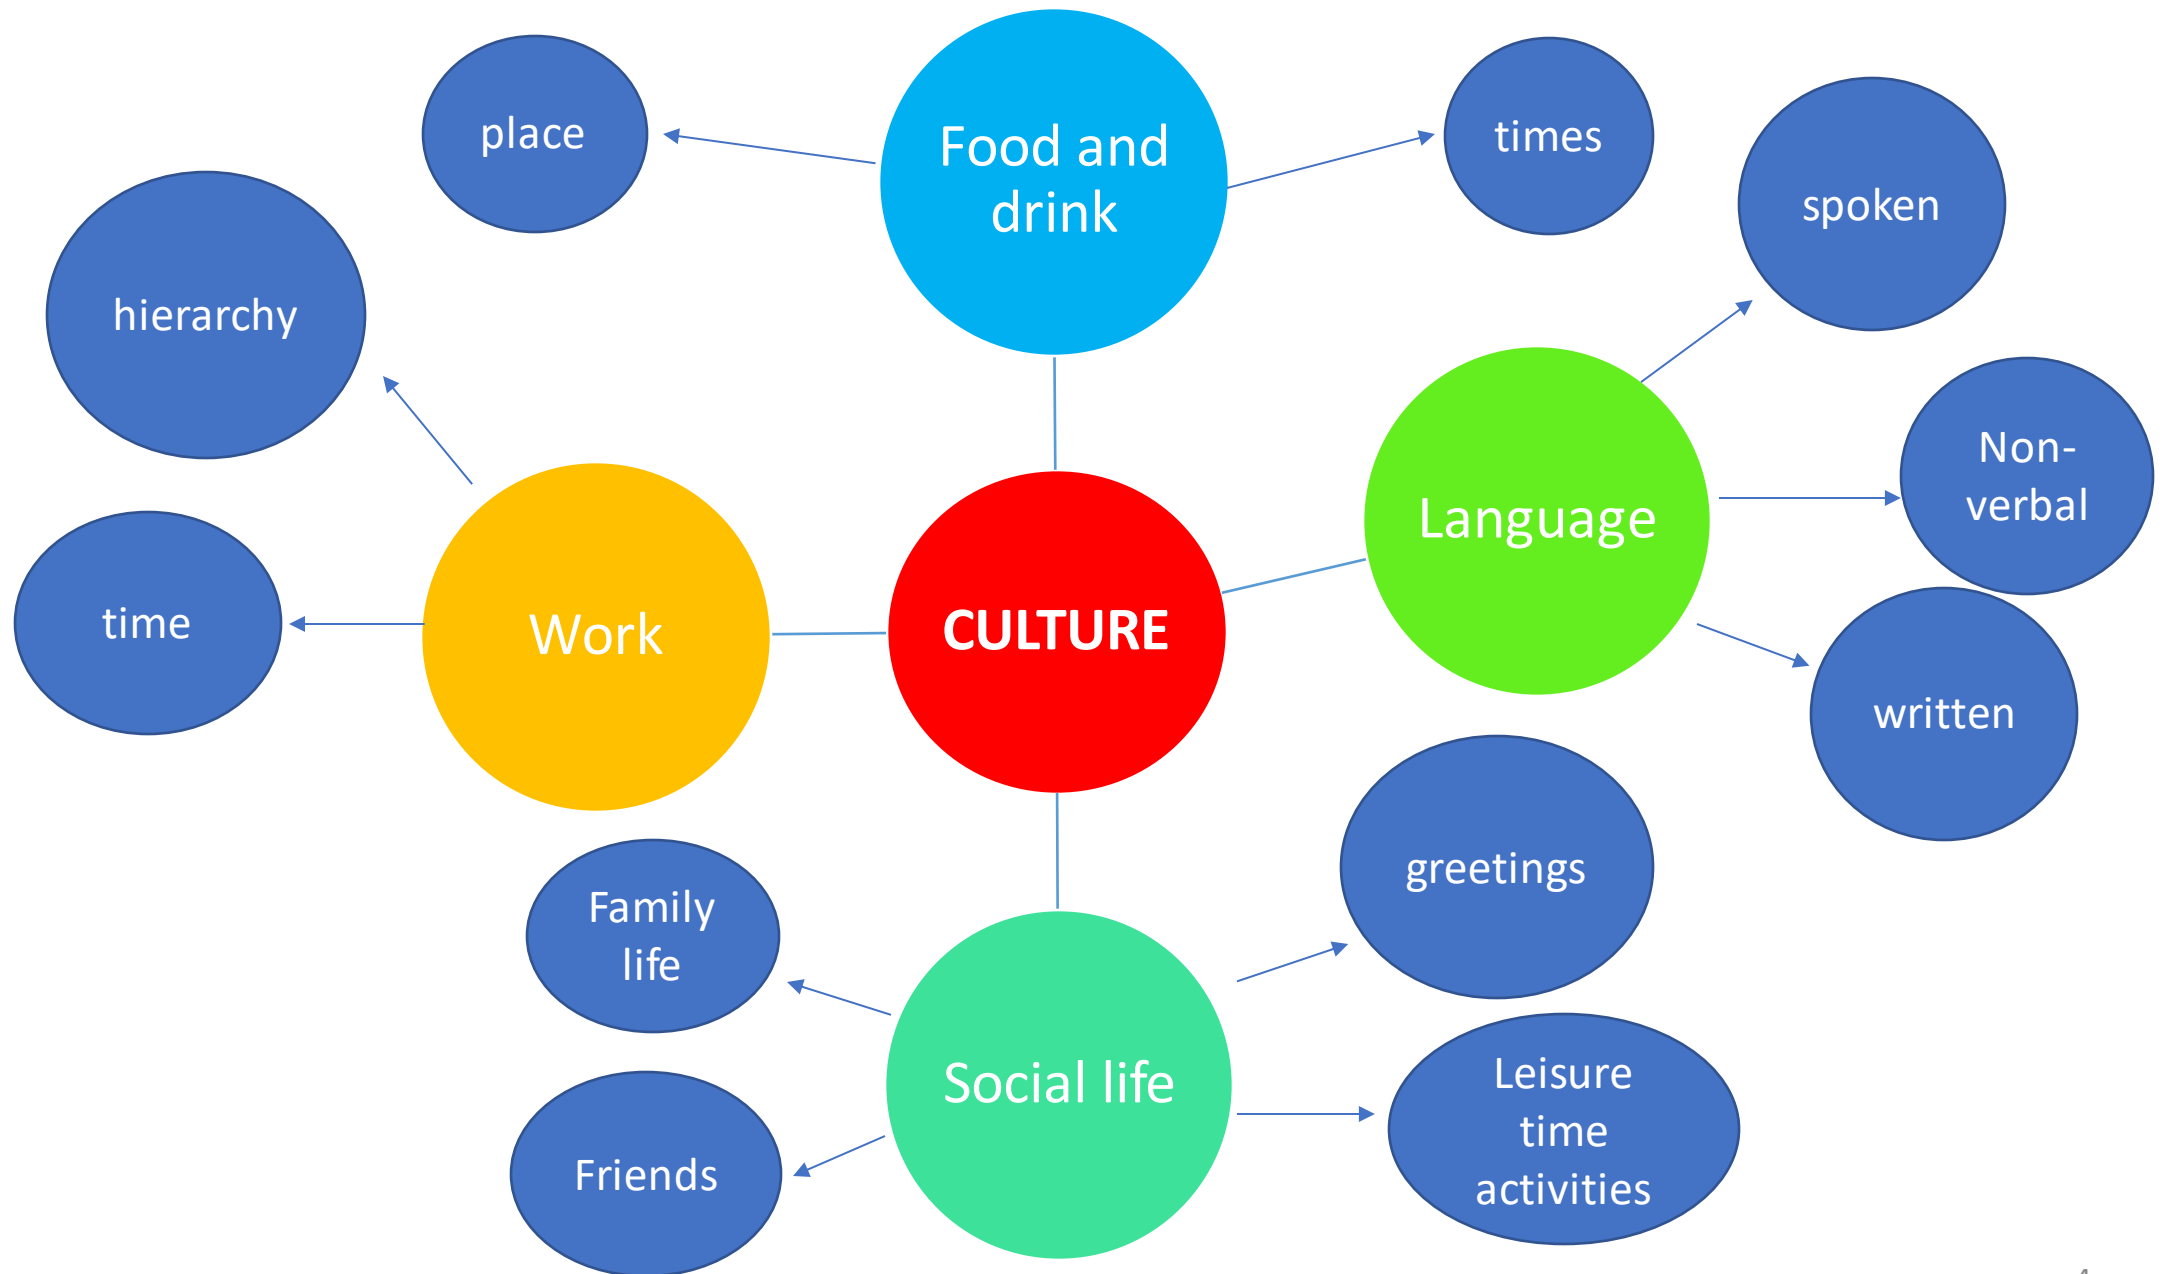

Brainstorming: What  
is culture?

Brainstorm the meanings of CULTURE.  
What is culture for you?

The image features two decorative curved lines. One is in the top-left corner, curving from the left edge towards the center. The other is in the top-right corner, curving from the right edge towards the center. Both lines have a gradient from light green to light blue and a soft, blurred appearance.

Culture can mean different things to  
different people.

Think about...

- How culture is created – by history, climate, geography,...?
- What groups of people can be said to have a culture – countries, companies, universities ...?
- In what ways you see, hear or experience culture – by behaviour, attitudes, gestures,...?

Select one  
definition of
