Kate was packing clothes into her suitcase for a holiday in England.

She put in two pairs of jeans, several T-shirts and a dress.

Then she added some warm jumpers, in case she felt cold.

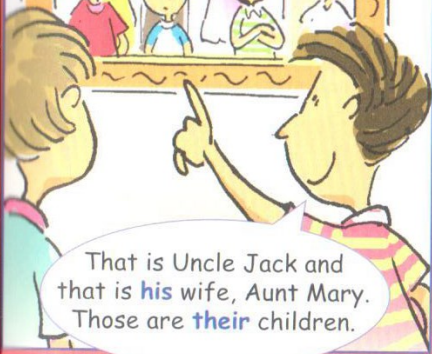

With all these clothes inside, Kate's suitcase was rather hard to close.

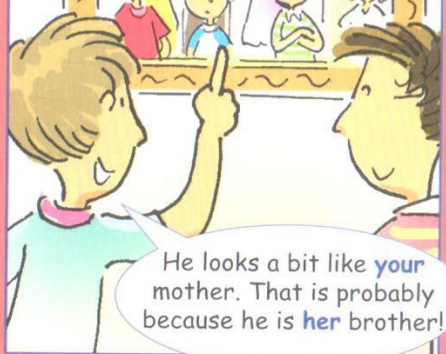

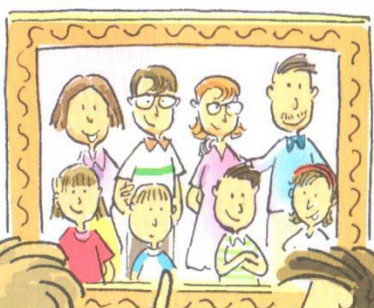

Is that a photo of your family?

Yes. That is **my** sister and those are **our** parents.

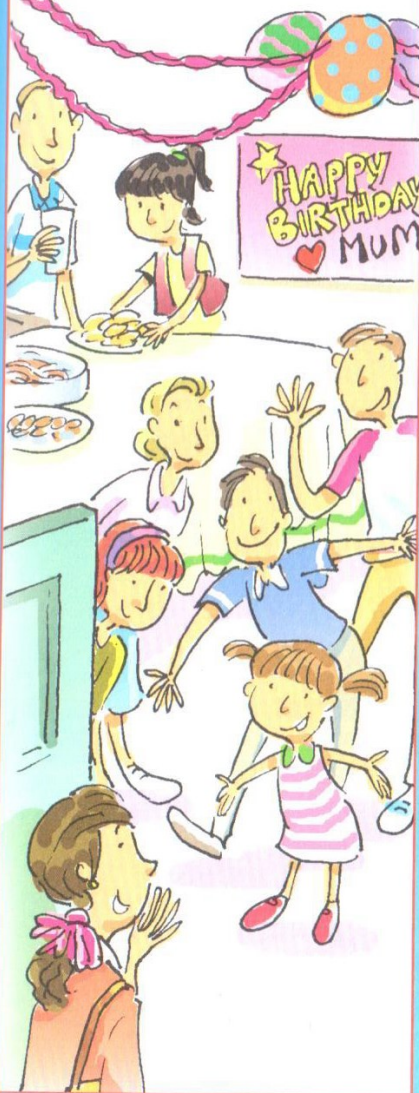

That is Uncle Jack and that is **his** wife, Aunt Mary. Those are **their** children.

He looks a bit like **your** mother. That is probably because he is **her** brother!

My sister and I organized Mum's birthday party all by **ourselves**.

I baked the birthday cake **myself**.

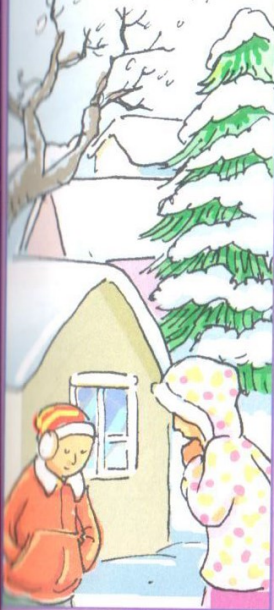

The party was a great success. Everyone helped **themselves** to food and drink.

Mum really enjoyed **herself**, chatting to all her friends.

In England, the winter is the **coldest** season of the year.

It is **warmer** in the spring. The countryside also looks **nicer** then.

The weather is even **hotter** in the summer.

The trees are **prettiest** in the autumn, when their leaves change colour.
