

Klouby lidského těla	Hlavice	Jamka	Typ kloubu	Funkce	
Lebka					
Art. temporomandibularis					
Páteř					
Art. atlantooccipitalis					
Art. atlantoaxilaris					
Hrudník					
Art. costovertebrae					
Art. costovertebrae trans					
Art. sternocostales					
Horní končetina					
Art. sternoclavicularis					
Art. acromioclavicularis					
Art. humeri					
Art. cubiti					
1) art. humeroulnaris					
2) art. humeroradialis					
3) art. radioulnaris proximalis					
Art. radioulnaris distalis					
Art. radiocarpea					
Art. mediocarpea					
Art. intercarpeae					
Art. carpometacarpaea pollicis					
Art. carpometacarpaea					
Art. metacarpophalangeae					
Art. Interphalangeae manus					
Dolní končetina					
Art. Sacroiliaca					
Art. coxae					
Art. genus					
Art. tibiofibularis					
Art. talocruralis					
Art. subtalaris					

Art. talocalcaneonavicularis					
Art. cuneonavicularis					
Art. tarsometatarsee					
Art. metatarsophlangeae					
Art. interphalangeae pedis
