

| <i>Date</i> | <i>Topic</i>  | <i>Lecturer</i>               | <i>Location</i>           |
|-------------|---|-------------------------------|---------------------------|
| 21.09.2017  | Uvod, organizace                                      | Zbyněk Prokop, Ph.D.          | UKB, A25 RCX1             |
| 27.09.2017  | Preparation and testing of microfluidic chips         | Tomáš Buryška, M.Sc.          | INBIT, laboratoř 0.23     |
| 04.10.2017  | Fermentation of recombinant microorganisms            | Lukáš Chrást, M.Sc.           | UKB, A13                  |
| 11.10.2017  | Preparation of enzymatic biosensor                    | Šárka Bidmanová, Ph.D.        | INBIT, laboratoře Enantis |
| 18.10.2017  | Biodegradation of pollutants by recombinant bacterium | Lukáš Chrást, M.Sc.           | UKB, A13                  |
| 25.10.2017  | Biocatalytic preparation of pharmaceutical precursor  | Veronika Štěpánková, Ph.D.    | UKB, A13                  |
| 01.11.2017  | -   | -                             | -                         |
| 08.11.2017  | Design of recombinant systems                         | Andrea Schenk Mayerová, Ph.D. | velká zasedačka A17/4. p  |
| 15.11.2017  | Preparation and transformation of liposomes           | Jaroslav Turánek, Ph.D.       | VUVeL                     |
| 22.11.2017  | Analysis of liposomes                                 | Jaroslav Turánek, Ph.D.       | VUVeL                     |
