---

I am applying for a natural product chemist job. I have experience in different aspects of natural product chemistry using LC-MS, GC-MS and NMR; I also have experience in the isolation and characterisation of natural compounds, and knowledge of the biological activity of natural products. I also have botanical knowledge because of my education from Olomouc.

In 2016, I graduated from Olomouc College of Ecology, where I was educated in plant biology. In 2017 I changed my subject. I went to study biochemistry at Masaryk University. I got a bachelor's degree in 2020. Than I studied biomolecular chemistry. I got my masters degree in 2022.

In 2018 I was working in laboratory in Mendel university. The job was about examination of soil samples.

I am good team worker, quite well organised and I am very communicative..

I have driving license B and I like to play guitar and sing.

Dear Mr/Ms Smith,

I am applying for the post of natural product chemist, as advertised on your website.

I have experience in many different aspects of natural product chemistry using LC-MS, GC-MS and NMR; I also have experience in the isolation and characterisation of natural compounds, and knowledge of the biological activity of natural products. In particular, I specialised in plant biology during my education at Olomouc College of Ecology.

In 2017 I changed subject and went to study biochemistry at Masaryk University. I got a bachelor's degree in 2020, after which I studied biomolecular chemistry. I received my master's degree in 2022.

In addition, in 2018 I worked in a laboratory in Mendel university. where we analysed and examined soil samples.

I am a good team worker, well organised and I am very communicative. I have a full driving licence. In my free time I like to play guitar and sing.

I hope to be able to discuss my experiences further at an interview.

I look forward to hearing from you.

Best wishes/Yours sincerely,
