This wonderful R colors cheat-sheet was created by

"A colleague and good friend of mine, Dr. Ying Wei sent me a document that contains a list of R colors. She compiled this list when she was working on her thesis. It is such a beautiful file by itself, not to mention that it can be so helpful at times. Upon approval from Ying, I am sharing this list in this post."

This cheat sheet has become one of the most used resources for data visualization using R.
