

A collage featuring a variety of food items and fabrics. In the foreground, there are slices of red beets, a whole beetroot, a red onion, a yellow lemon, a purple radish, and a green leafy vegetable. Behind them are several pieces of fabric swatches in yellow, orange, pink, purple, blue, and teal. Interspersed among the food and fabrics are a halved avocado, a whole onion, a mushroom, and a bunch of blueberries.

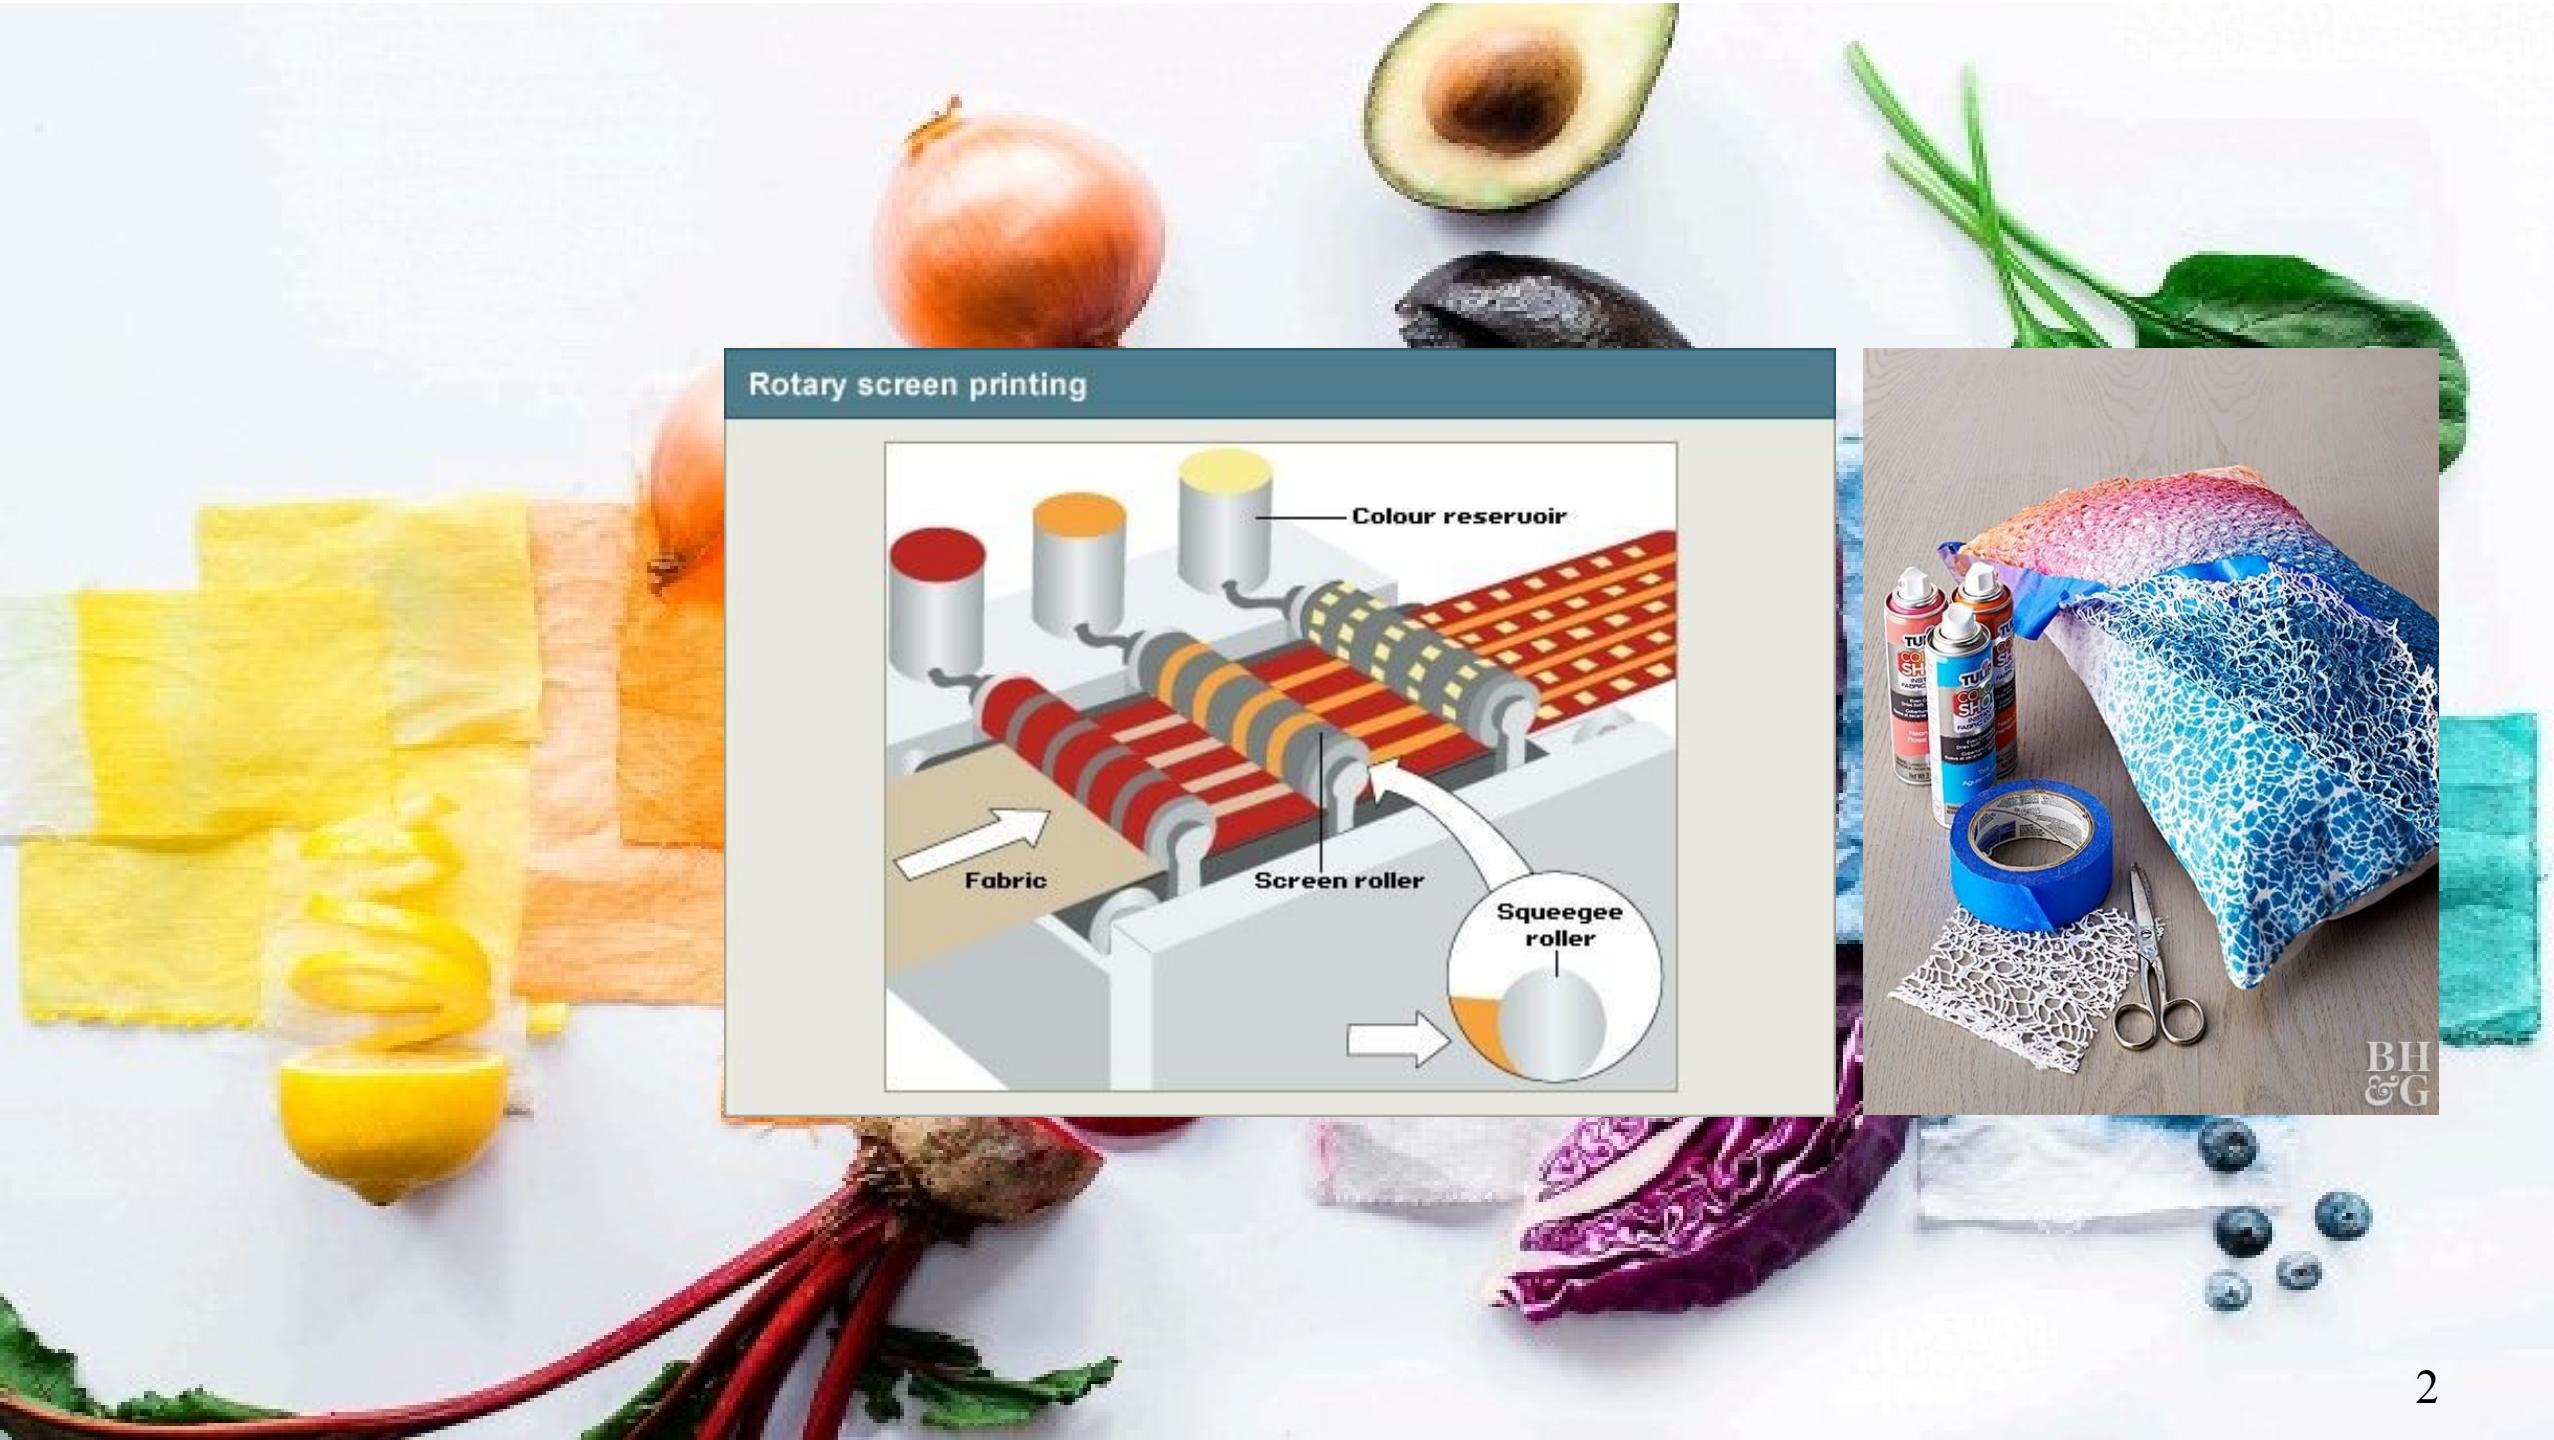

Barviva v textili
