

CONFIRMATION OF TEACHING EXPERIENCE

This is to confirm that Daria Grebchenko participated in organizing language courses for members of Erasmus Student Network MUNI Brno during spring semester 2024 on a voluntary basis.

ESN MUNI Brno is a non-profitable and non-political student organization. Our main aim is to promote better involvement of the exchange students of Masaryk University in Czech student society and the local cultural life.

Miss Grebchenko alongside Miss Z. taught students both local and international the basics of Russian language and culture. She, alongside her colleague, was in charge of planning, organizing and executing the Russian language class on a weekly basis. In her teaching she focused on vocabulary development and basic conversation skills, alongside presenting the broader topics related to Russian culture. I can say I have been very impressed by the work and development of Miss Grebchenko during these weekly voluntary language classes and we are happy to have had her in ESN MUNI Brno as a volunteer language teacher.

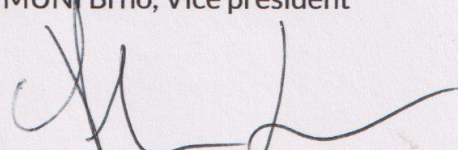

Do not hesitate to contact me if you require any further information.

Sincerely,

In Brno / 03.06.2024

Aleksi Juva
